Ushering in a new era of "cheaper, faster, better," NASA pushes the memory of Mars Observer into obscurity. Designed from the beginning as a covert operation, the deceptively titled Mars Observer functions perfectly as it passes right past the red planet on its way to its true destination. Since 1947, the U.S. government has concealed its discovery of a tenth planet invisible to ground-based observatories. A new spacecraft is unveiled to a shocked world revealing a collaboration between nearly all the nations of the planet. Radio signals reaching the Earth reveal an alien intelligence that sounds like it is about to follow a disastrous path that will take the Earth with it.

Errant Knight Feb 15 2022 Ten years ago, Shelby Knight turned in his badge and put his gun under glass. Since that time there hasn't been a day he hasn't replayed the shooting death of Aiden Holloway in his mind. When a man kills another man, it changes him forever on the inside. While lost and adrift amid the pieces of his unreconstructed life, Knight is brought in for questioning regarding a recent murder. His own gun has been used in a cold-blooded killing—the ballistics match, he has no alibi, and the police brotherhood of which he was once a well-loved and respected member is now out to nail him to the wall. Long after the press has dubbed him "The Black Knight," Shelby takes the fight for his life to the streets in the persona of a self-styled vigilante complete with armor, shield and sword. Only from behind the protection and anonymity of a medieval steel shell can he discover the truth before the killer strikes yet again. But what are these disturbing dreams where he's killing people he's never met? Is his only friend the killer? Is it a conspiracy? Cultural Activism Aug 29 2020 This volume addresses contemporary activist practices that aim to interrupt and reorient politics as well as culture. The specific tactics analyzed here are diverse, ranging from culture jamming, sousveillance, media hoaxing, adbusting, subvertising, street art, to hacktivism, billboard liberation, and urban guerilla, to name but a few. Though indebted to the artistic and political movements of the past, this form of activism brings a novel dimension to public protest with its insistence on humor, playfulness, and confusion. This book attempts to grasp both the old and new aspects of contemporary activist practices, as well as their common characteristics and internal varieties. It attempts to open up space for the acknowledgement of the ways in which contemporary capitalism affects all our lives, and for the reflection on possible modes of struggling with it. It focuses on the possibilities that different activist tactics enable, the ways in which those may be innovative or destructive, as well as on their complications and dilemmas. The encounter between the insights of political, social and critical theory on the one hand and activist visions and struggles on the other is urgent and appealing. The essays collected here all explore such a confrontational collaboration, testing its limits and productiveness, in theory as well as in practice. In a mutually beneficial relationship, theoretical concepts are rethought through activist practices, while those activist practices are developed with the help of the insights of critical theory. This volume brings

scholars and activists together in the hope of establishing a productive dialogue between the theorizations of the intricacies of our times and the subversive practices that deal with them.

Hillbilly Cold Case Jan 22 2020 Welcome to Cocke County, Tennessee, nestled in the heart of Appalachia and in the shadows of The Great Smokey Mountains. The county is home to a proud people who enjoy a rich and well-defined culture that encourages self-reliance and ingenuity. The area also has a long standing and well-earned reputation for lawlessness, criminal enterprise and systemic corruption. Cedrick "Dreamer" Jameson is an acclaimed investigative journalist and successful author. Dreamer is working on a two-part series describing a major FBI-led interagency sting operation aimed at curtailing criminal activities in and around Cocke County. He begins an independent investigation of the heinous unsolved murder of Wayne Becker. Becker was a prominent business man and county leader with ties to the area's criminal activities, both past and present. It is during this investigation that Dreamer finds himself out of his depth. In a clash of cultures, he quickly learns that certain citizens of Cocke County do not appreciate "outsiders," especially a highly educated and successful black man, snooping into their business. Threats are made. Clear warnings are given to ensure that Dreamer's investigation into the Becker murder stops....or else! Giving up is not part of Dreamer's DNA. However, he needs help and reaches out to three friends he calls the "Crew." Simply stated, the crew is an extremely close knit group of friends who met as freshman student athletes at Princeton University. Theirs is a special bond and when one of them is in need, the others respond without hesitation or, in this case, without regard for their own safety and that of their loved ones. Hillbilly Cold Case is a compelling story about not only enduring friendships, but also the many challenges and dangers the crew encounters as they uncover the truth about Wayne Becker's corrupt activities and who is behind his murder.

Whispers of the Dead Apr 05 2021 A series of bizarre murders—the victims nearly unidentifiable—forces FBI tracker "Steps" Craig to match wits with the most cold-blooded killer he's ever encountered. There has been a murder, but not only is the identity of the victim unknown, most of the body itself is missing. All that's been found is a pair of feet, stored in a portable cooler, and left in the house of a Federal judge in El Paso, Texas. The killer apparently broke into the judge's house, left his grizzly message, and disappeared without a trace. With no clues as to the killer, the person killed, or the intent behind the cooler, all the authorities really know is that this likely isn't the killer's first—or his last—victim. Magnus "Steps" Craig is an FBI agent and an elite tracker, easily the best in the world. Steps is renowned for his incredible ability to find and follow trails over any surface. As part of the three-man special team, FBI's Special Tracking Unit (STU), he is called in on cases where his skills are indispensable. But there's a secret to his skill. Steps has a kind of synesthesia, an ability that allows him to see whatever each particular person has touched in a unique color—what Steps calls 'shine.' His ability is known to only a few people—his father, the director of the FBI, and his partner, Special Agent Jimmy Donovan. While the Special Tracking Unit tries to grapple with the gruesome scene in El Paso, they soon discover another, earlier victim. Once again, only the feet—in a disposable icebox—were left behind. With almost no clues besides the body parts, Steps and his team find themselves enmeshed in the most difficult case of their careers. And The Icebox Killer has only just begun.

TERRI ANNE is a young naïve college student with above average book smarts, but lacks a thimbleful of common sense. These characteristics combined with the desire to escape the confines of a smothering and overprotective father will land Terri in the middle of murder and into the arms of a terrorist sleeper cell. MAGGIE O'MALLEY is Sam's spunky assistant and lover for twelve years who has a difficult time keeping her thoughts to herself. She harbors a secret past she hopes will help Sam unravel the disappearance of his daughter. In her zealous attempt to save the day she not only jeopardizes her relationship with Sam, but also her own life. RASHID MAROUN is an impulsive, charming, narcissist playboy who successfully arranges Green Card marriages. On the surface, his main motivations are money and a good time. Beneath that glitz lurks a cunning villain looking for an escape from his rich wife and fanatical cousin, Jaali. JAALI DIAAB is a renegade and impatient radical who is rejected by the inner circle of jihadists. He is determined to prove to the world that there are other warriors besides Al Qaida, Hamas, and Isis that can strike a blow in the heart of the Great Satan. When his foolish cousin, Rashid, becomes involved in murder, it jeopardizes the mission he has been planning for months. INTO THE DEVIL'S DEN weaves a tangled tale of suspense, murder, and treachery. Each twisted circumstance is triggered by the one (albeit well intentioned) lie Sam Steele told his daughter — a lie that erupts into more lies and leaves lives dangling by a single thread.

Now, she and anyone she might have told are targets of a ruthless assassin bent on protecting the ambassador's secret.

ZERO HERO: On the 10th anniversary of 9/11, the media replays the videos again and again, and a national hero's life unravels. When the first responder—already struggling with PTSD and addiction—is accused of murder, Kate finds herself going above and beyond to help him. She and her PI husband are thrust into a deadly world of drugs, prostitutes and hired killers, and end up questioning who they are...and what it means to be brave. **Cruel Capers on the Caribbean:** Trouble seems to find Kate Huntington, even on a Caribbean cruise. She befriends socialite Cora Beall, who's having relationship problems. When Cora's corpse is found in a cabin locked from the inside, the ship's captain assumes it's suicide. But Kate is skeptical; the evidence points more and more toward murder. But how did the killer get out of a locked room?

The Confessors' Club Sep 29 2020 Rich and powerful men are being targeted by a killer in this mystery with "a gripping plot" (Richmond Times-Dispatch). Men are dying in Chicago. Not ordinary men, but rich men, powerful men, men who control the city. They are being murdered, quietly, skillfully. And Dek Elstrom's former father-in-law, a major player in everything Chicago, seems likely to become one of them. Amanda, Dek's ex-wife, pleads with him to investigate. He doesn't want this case, but he finally gives in—because that's what he always does with Amanda. Then he discovers that Amanda's father is lying. Now Dek just has to figure out exactly what he's lying about, and why . . . "Dek Elstrom is the kind of guy we genuinely like spending time with."

—Booklist "An investigator with a seductive one-two punch—a delectably smart mouth and a delightfully nimble brain." —William Kent Krueger "With a gripping plot and a quirky but determined hero, *The Confessors' Club* represents another fine effort from an author who excels at every requirement of the genre—and then some." —Richmond Times-Dispatch
