Until she hit Mustang, Colorado, a perfectly imperfect town where the citizens were welcoming and one of them included the tall, beautiful, macho man rancher cowboy, Grayson Cody. On the run for a decade, Ivey knew she was supposed to play it safe. But she was tired of being on the run. She wanted a normal. She wanted real. She wanted a home. And she wanted Grayson Cody. And Grayson Cody wanted Ivey. No one who looked at them couldn't see they belonged together. There was one man in this world for Ivey and one woman in this world for Grayson Cody. So they fell in love. But just as quickly as they fell together, they were betrayed and torn apart. Separated for years, Ivey was certain her life would not include her rancher cowboy. Until the town of Mustang reached out to her when Gray was in trouble. Even though she thought he broke her heart, she charged in to help. Then Gray and Ivey discovered they were betrayed and, not only that, Gray had an enemy who would stop at nothing to defeat him. Ashley Collins, a sixteen-year-old girl, has severe behavior issues. The last thing Dr. Saanvi Prabhu wanted was a difficult patient first thing in the morning. But that's exactly what she got when Olivia arrived with a big, hard and very personal problem. The good doctor must forgo traditional medicine, and deliver some hands-on sensual healing. There's only one problem: when your patient is a desperate teenage futanari, one visit simply isn't enough! HELP! MY PATIENT IS A FUTANARI! is over 10,000 words of sexy fun between a female doctor and her futanari patient, with a HEA ending. ~~~~~ PG Excerpt ~~~~~ It was an unusually quiet morning for Dr. Saanvi Prabhu. Only one patient's name came up in the system, and it was Olivia Lombardy—a name she found strangely familiar but came with no records. She said the name out loud, feeling it on her tongue. ?Where do I know this one?? The patient's date of birth indicated that she had just turned eighteen, so if Saanvi had seen her before, it must have been when the patient was a kid. Saanvi took off her black-rimmed glasses and wiped them with a tissue. No face came to mind to match that name, but that was to be expected. How many thousands of patients had she seen over the years? She liked to think she had a

good memory for names and faces, but even she couldn't remember all of them. "Might as well solve this mystery now," she said, blowing a strand of thick, black hair from her face and slipping her glasses back on before stepping out into the waiting room. "Miss Lombardy?" A young woman with strawberry blonde curls looked up at her and smiled. She had delicate white skin and was a little chubby, but had a kind face that would make anybody want to be her friend. Saanvi returned the smile. "Would you step into my office, please?" Olivia stood up and, head slightly lowered, followed Saanvi into the small, white doctor's office. As the doctor closed the door behind her, she had no reason to think this day would be like any other. Little did she know that her personal and professional life would change forever after seeing this one special patient. *The New York Times and USA Today bestseller!* 'One of the summer's hottest reads' Entertainment Weekly 'Smart, quick, delicious' Emma Straub 'An absolute delight' Christina Lauren *** Colorful illustrations and simple text introduce young readers to shapes. "She needed a husband... He needed the money. Preston: When an opportunity comes knocking, you shouldn't question it. Unless it comes in the form of a 5'2", feisty, loudmouth girl who just so happens to hate your guts. The same girl you haven't been able to get out of your head for three years. But, I'm a gambler by nature. A risk taker. I just have to make sure I don't end up giving her more than what we both bargained for. Like the messed-up thing beating in my chest. Kit: There's no one on earth I hate more than Preston Holden. As if our past didn't give me enough of a reason--he's also a cocky, arrogant jerk with a gambling problem. Unfortunately for me, he just so happens to be the only guy I can ask to help me with my issue. It's simple. He needs the money. I need a husband. It's strictly business. A one-year stint between enemies. No strings. No feelings--other than our mutual dislike for one another. But the thing about hate? It can flip on a dime. It can have you questioning things about yourself you never thought you would. And if I'm not careful--things are going to get even more complicated between us. You know the saying--'til death do us part? Well, in our case? It includes all the complicated parts."--Amazon website. Lieutenant Alexander Colton and February Owens were high school sweethearts. inherited Fazire – a genie. Her family had three wishes and they'd only ever used one so Fazire was stuck in the human world. This worked since he'd become a member of the family anyway. Even with a genie, Lily's young life wasn't perfect. To escape the kids making her miserable at school, Lily buried herself in romance novels. One day, when the teasing was just too much, she used one of her wishes. She told Fazire she wanted to find a man like in her books and she made the most complicated wish Fazire had ever heard. Her wished-for man had to be impossibly handsome, virile, fierce, rugged and ruthless (amongst a dozen other things). He also had to think she was beautiful and he had to love her more than anything in the world. Nathaniel McAllister wasn't born to a life where there were such things as genies granting wishes. His life was filled with drugs, crime and neglect. He was running errands for a gangster before he was in his teens and, even though life and hard work led him to wealth and respectability, he always knew, deep down, he was dirty. When Nate met Lily he knew he was no good for her but as virile, fierce, rugged and ruthless as he was, Nate was no match for the pull of sweet, innocent Lily. Unfortunately, Lily's wish included that she and her hero go through trials and tribulations to test their love. And Fazire wasn't only a good genie, he loved Lily – so he gave her exactly what she wanted. There's an 80 percent chance you're poor. Time poor, that is. *From the author of the acclaimed *In My Dreams I Hold a Knife* comes a pitch-black thriller about a woman determined to destroy a powerful cult and avenge the deaths of the women taken in by it, no matter the cost. While in college in upstate New York, Shay Evans and her best friends met a captivating man who seduced them with a web of lies about the way the world works, bringing them under his thrall. By senior year, Shay and her friend Laurel were the only ones who managed to escape. Now, eight years later, Shay's built a new life in a tony Texas suburb. But when she hears the horrifying news of Laurel's death—delivered, of all ways, by her favorite true-crime podcast crusader—she begins to suspect that the past she thought she buried is still very much alive, and the predators more dangerous than ever. Recruiting the help of the podcast host, Shay goes back to the place she vowed never to return to in search of answers. As she follows the threads of her friend's life, she's pulled into a dark, seductive world, where wealth and privilege shield brutal philosophies that feel all too familiar. When Shay's obsession with uncovering the truth becomes so consuming she can no longer separate her desire for justice from darker desires newly reawakened, she must confront the depths of her own complicity and conditioning. But in a world built for men to rule it—both inside the cult and outside of it—is justice even possible, and if so, how far will Shay go to get it? The Semiotics of Happiness examines the rise of 'happiness' (and its various satellite terminologies) as a social and political semiotic, exploring its origins in the US and subsequent spread into the UK and across the globe. The research takes as its starting point the development of discussions about happiness in UK newspapers in which dedicated advocates began to claim that a new 'science of happiness' had been discovered and argued for social and political change on its behalf. Through an in-depth analysis of the written and visual rhetoric and subsequent activities of these influential 'claims-makers', Frawley argues that happiness became a serious political issue not because of a growing unhappiness in society nor a demand 'on the ground' for new knowledge about it, but rather because influential and dedicated 'insiders' took the issue on at a cultural moment when problems cast in emotional terms were particularly likely to make an impact. Emerging from the analysis is the observation that, while apparently positive and light-hearted, the concern with happiness implicitly affirms a 'vulnerability' model of human functioning, encourages a morality of low expectations, and in spite of the radical language used to describe it, is ultimately conservative and ideally suited to an era of 'no alternative' (to capitalism).
