The King's Harvest Jun 26 2020 A multidisciplinary environmental history of early China's political systems featuring newly available Chinese archaeological data This book is a multidisciplinary study of the ecology of China's early political systems up to the fall of the first empire in 207 BCE. Brian Lander traces the formation of lowland North China's agricultural systems and the transformation of its plains from diverse forest steppes to farmland. He argues that the growth of states in ancient China, and elsewhere, was based on the ability to exploit the labor and resources of those who harnessed photosynthetic energy from domestic plants and animals. Focusing on the state of Qin, Lander amalgamates abundant new scientific, archaeological, and excavated documentary sources to argue that the human domination of the central River region, and the rest of the planet, was made possible by the development of complex political systems that managed and expanded agroecosystems.

The Empire and the Five Kings Feb 15 2022 One of the West's leading intellectuals offers a provocative look at America's withdrawal from world leadership and the rising powers who seek to fill the vacuum left behind. The United States was once the hope of the world, a beacon of freedom and the defender of liberal democracy. Nations and peoples on all continents looked to America to stand up for the values that created the world and to oppose autocracy and repression. Even when America did not live up to its ideals, it still recognized their importance, at home and abroad. But as Bernard-Henri Lévy lays bare in this powerful and disturbing analysis of the world today, America is retreating from its traditional leadership role, and in its place have come five ambitious powers, former empires eager to assert their primacy and influence. Lévy shows how these five—Russia, China, Turkey, Iran, and Sunni radical Islamism—are taking steps to undermine the liberal values that have been a hallmark of Western civilization. The Empire and the Five Kings is a cri de coeur that draws upon lessons from history and the eternal touchstones of human culture to reveal the stakes for the West as America retreats from its leadership role, a process that did not begin with Donald Trump's presidency and is not likely to end with him. The crisis is one whose roots can be found as far back as antiquity; its resolution will require the West to find a new way forward if its principles and values are to survive. *Real Time with Bill Maher* (2/22/2019) and *Fareed Zakaria GPS* (2/17/2019).

Heimskringla: The Chronicle of the Kings of Norway May 9 2019 Heimskringla is a collection of sagas about the Norwegian kings, beginning with the saga of the legendary Swedish dynasty of the Ynglings, followed by accounts of historical Norwegian rulers from Harald Fairhair of the 9th century up to the death of the pretender Eystein Meyla in 1177. Contents: Kings' Sagas Ynglinga Saga Halfdan the Black Saga Harald Harfager's Saga Hakon the Good's Saga Saga of King Harald Grafeld and of Earl Hakon Son of Sigurd King Olaf Trygvason's Saga Saga of Olaf Haraldson (St. Olaf) Saga of Magnus the Good Saga of Harald Hardrada Saga of Olaf Kyrre Magnus Barefoot's Saga Saga of Sigurd the Crusader and His Brothers Eystein and Hakon Saga of Magnus the Blind and of Harald Gille Saga of Sigurd, Inge, and Eystein, the Sons of Harald Saga of Hakon Herdebreid Magnus Erlingson's Saga

Moving Kings Oct 11 2021 A propulsive, incendiary novel about faith, race, class, and what it means to belong at home, from Joshua Cohen, "a major American writer" (The New York Times) NAMED ONE OF THE BEST BOOKS OF THE YEAR BY VULTURE AND BOOKFORUM One of the boldest voices of his generation, Joshua Cohen returns with *Moving Kings*, a powerful and provocative novel that interweaves, in profoundly intimate terms, the housing crisis in America's poor black and Hispanic neighborhoods with the world's conflict, in the Middle East. The year is 2015, and twenty-one-year-olds Yoav and Uri, veterans of the Iraq War, have just completed their compulsory military service in the Israel Defense Forces. In keeping with national tradition, they take a year off for rest, recovery, and travel. They come to New York City and start working for Yoav's distant cousin David King—a proud American patriot, Republican, and Jew, and the recently divorced proprietor of King's Moving Inc., a heavyweight in the tri-state area's moving and storage industries. Yoav and Uri now must struggle to become reacquainted with civilian life, but it's not easy beyond their traumatic pasts when their days are spent kicking down doors as eviction-movers in the ungentrified corners of the Bronx, Brooklyn, and Queens, throwing out delinquent tenants and seizing their possessions. And what starts off as a profitable if eerily familiar job—an "Occupation"—quickly turns violent when they encounter one homeowner seeking revenge. Praise for *Moving Kings* "A Jewish Sopranos . . ."

utterly engrossing, full of passionate sympathy . . . Cohen is an extraordinary prose stylist, surely one of the most prodigious at work in American fiction today."—James Wood, *The New Yorker* "Brilliant . . . It feels master-planned to slowly unsettle your convictions, as the best novels do. . . . Cohen has a brain-on-fire intellect and a Balzac-grade enthusiasm for understanding varieties of experience."—*Los Angeles Times* "Moving Kings is a lit fuse, a force let loose, a creeping flame heading for demolition, and Cohen himself is a master of argot and wit."—Cynthia Ozick "A dazzling and poignant book."—Rachel Kushner "Cohen's writing is filled with sharp turns of phrase and elegant rhythms. . . . The denouement is as vengeful as any Old Testament plot twist. . . . Cohen has become one of America's top young novelists."—*Time*

INK: A Titan Kings MC Sep 29 2020 David Kennedy, an art student and part time tattoo artist, meets the beautiful Tina Spencer at a party at the college he attends, after she asks him for a tattoo. He is immediately enthralled by her. Something doesn't feel right though, especially when he sees the nasty tattoos covering her arms. Then Tina goes missing. The years go by, and he still thinks about her. Then one day she intervenes, and he finds himself face to face with the beautiful woman he tattooed all those years ago. She has some devastating secrets. Where has she been this whole time? Will David ever get the chance to see her again? Will they get the happily ever after she needs?

The Raizat-us-safa: v. 1-2. The histories of prophets, kings, and prophets Apr 05 2021

King's African Rifles Oct 19 2019 Whatever one may think about the rights and wrongs of colonial rule, it is hard to deny that during the first half of the this century those African countries, which then came under British administration enjoyed a period of stability which most now look back upon with a profound sense of loss. Paradoxical though it may seem, one of the bulwarks of that stability was each country's indigenous army. Trained and officered by the British, these force became a source of both pride and cohesion in their own country, none more so than the King's African Rifles. founded in 1902 and probably the best known of the East African forces. In this, the first complete history of the East African forces, Malcolm Page, who has served in the Somaliland Scouts for a number of years, has had access to much new material while researching the history of each unit from it's foundation to the time of independence. Historians in several fields will be grateful to him for having put on record this very important period in the annals of both Great Britain and East Africa while the memories of many who served there were still fresh, and they themselves will be most grateful of all for this lasting tribute to the men they served and who served them, for in that sense of duty lay the true spirit of East African Forces.

Three Kings Mar 16 2022 Three Kings reveals a story of America's scramble for political influence, oil concessions, and a new military presence based on airpower and generous American aid to shaky regimes in Saudi Arabia, Iran, Egypt, and Iraq. Marshaling new and revelatory evidence from the archives, Lloyd Gardner deftly weaves together three decades of U.S. moves in the region to offer the first history of American efforts to supplant the British empire in the Middle East. From the early efforts to support and influence the Saudi regime (including the creation of Dhahranairbase, the target of Osama bin Laden's first terrorist attack in 1996) and the CIA-engineered coup in Iran to Nasser's Egypt and, finally, the rise of Iraq as a major petroleum power, Three Kings is "a valuable contribution to our understanding of our still-deepening involvement in this region" (Booklist).As American policy makers and military planners grapple with the consequences of the withdrawal from Iraq, Gardner uncovers the largely hidden story of how the United States got into the Middle East in the first place.

The Second Book of Kings Jan 07 2021

Judicial Tyranny Apr 17 2022 We live in the greatest nation on Planet Earth, but it is becoming more and more apparent that in order to keep it great, people must do something to stop the federal courts from setting themselves above the law and dictating how we should live and what we should think. This book is designed to bring you up to speed on the ongoing struggle against an over-reaching judicial branch, without overwhelming you with legal double-speak. It is written in plain American, and presented in bite-sized paragraphs. After studying the principles in this book, you will better understand the role of government and how to resist it when the next judge throws out the will of the people in favor of the latest social engineering project. It is our duty to bring our nation back from the elites in black robes that wish to redefine everything we are as Americans, i

to take work. Edmund Burke, the famous British politician who supported our War of Independence while serving in the British Parliament, stated a simple truth that still applies to us today: "The only thing necessary for the triumph of evil is for good men to do nothing." We have done nothing for too long, and we are paying the price today. But it is not too late. The fight has only just begun. But by picking up this book you are taking the first step, and together we can turn our nation around. This book features chapters from some of our nation's most prominent leaders in the battle for continued liberty and freedom in our nation, such as

Kings of America Dec 25 2022 In America, kings are not born, they are made. Danny McCabe isn't his real name. America certainly isn't his real home. But now Danny finds himself fleeing Ireland for the bright lights of 1930s Hollywood with two virtual strangers, Nicky Mariani and his beautiful sister, Lucia. As Lucia pursues her dream of stardom, Nicky finds his calling in the violent underbelly of the city of dreams. Torn between love for Lucia and his desperate fear for their safety, Danny is drawn into a chain of events that will pit friend against sister, friend against friend, and lover against lover.

Kings, Queens and Pavlova Nov 24 2022 Experiences of a correspondent in Belgium during the European War of 1914.

One and Two Kings Jul 08 2021 This volume provides a readable introduction to the narrative books of 1 & 2 Kings appropriate for the student, pastor, and scholar. Fritz combines historical, literary, and archaeological approaches in an engaging synthesis. While he addresses issues of the deuteronomic redaction, the author does not become bogged down in technical discussions or allow this to overshadow the holistic interpretation of the text.

Comprising Reports of Cases in the Courts of Chancery, King's Bench, and Common Pleas, from 1822 to 1850 May 26 2020

Stephen King's America Jan 19 2022 Take a closer look at these subtexts and discover a new dimension to your reading of Stephen King's fiction. By focusing on these issues, and by presenting four rich interviews very close to the work of Stephen King, Stephen King's America lifts the veil that is the surface of his stories, shining a pleasantly distinct light on the sources that are both his subliminal and apparent strengths as a modern author.

The Oil Kings Jan 26 2023 Reveals the covert agreements that prompted America's decision to switch oil allegiance from Iran to Saudi Arabia as a dominant Middle-East oil supplier, citing the contributions of

players from Richard Nixon and Henry Kissinger to the Shah and Gerald Ford while explaining how choices in the 1970s set the stage for Iran's Islamic revolution.

King and the Other America Jul 20 2022 Shortly before his assassination, Martin Luther King Jr. called for radical redistribution of economic and political power to transform the whole of society. In 1967, he conceived and designed the Poor People's Campaign, an interracial effort that was carried out after his death. The campaign brought together impoverished Americans of all races to demand better wages, better jobs, better homes, and better education. *King and the Other America* explores this overlooked and obscured episode in the late civil rights movement, deepening our understanding of King's commitment to social justice and also the long-term trajectory of the civil rights movement. Digging into earlier radical arguments about economic inequality across America, which King drew on throughout his entire political and religious life, Sylvie Laurent argues that the Poor People's Campaign was the logical culmination of King's influences and ideas, which have had lasting impact on young activists and the public. Fifty years later, growing inequality and grinding poverty in the United States have spurred new efforts to rejuvenate the campaign. This book explores connections between King's perceptive thoughts on substantive justice and the ongoing quest for equality for all.

A Harmony of the Books of Samuel, Kings, and Chronicles Aug 09 2021 Just as a harmony of the Gospels is useful for tracing the life of our Lord Jesus Christ, this easy-to-use book provides the Bible student with a reference guide to the history of the kings of Judah and Israel as preserved in the books of Samuel, Kings, and Chronicles. Preceding the harmony itself is a complete analytical outline--a concise, sequential table of contents that will give the reader a greater understanding and firmer grasp of the history of Judah and Israel. Students of Scripture will find this harmony and its accompanying analytical outlines invaluable in gaining a historical perspective that will make the study of Samuel, Kings and Chronicles profitable and rewarding.

King's Speech Nov 12 2021 "In the quiet recesses of my heart," Dr. Martin Luther King, Jr. often said, "I am fundamentally a clergyman, a Baptist preacher." No other statement could identify King better than this. The statement is the launching point for this work on preacher King's timeless messages on violence and reconciliation rooted in his theological foundation of the universal yet personal, loving God. Yang shows how King, based on that theological idea, vitalizes a pastoral and prophetic preaching voice, hoping to create reconciliation in the context of a violent reality. This concise piece is easily accessible, yet rich enough to show the continuing impact and applicability of preacher King's reconciliatory ideas in the present violent, torn apart world that desperately awaits reconciliation.

The Kings and Their Gods Jul 28 2020 The scenario that confronts us in the biblical text of 1 and 2 Kings is a turbulent one. Daniel Berrigan minces no words in his assessment of that biblical era. Prophets, kings, and gods they worship -- all are found wanting. Berrigan examines the complex terrain of these two biblical books, opening our eyes to the deep flaws of their oft-praised characters. He shows that this dark time in biblical history is in many ways repeating itself today. The wars of these kings, Berrigan says, are our wars now as we are fashioning our own gods to approve our misdeeds. These two books of Scripture come to vivid life, sometimes terrifying -- life when we recognize these undeniable similarities. *The Kings and Their Gods* is Berrigan in stunning form. Here this modern-day prophet distills the wisdom gained from his long learning and his remarkable life experiences. The book is both a masterful biblical commentary and a clarion call to action. It balances polemics and poetry, despair and joy. It is truly a midrash for our troubled times -- an indictment of the horror that is and an invitation to the great goodness that may be.

Landscape of Fear Feb 27 2023 One of the very first books to take Stephen King seriously, *Landscape of Fear* (originally published in 1988) reveals the source of King's horror in the sociopolitical anxieties of the post-Vietnam, post-Watergate era. In this groundbreaking study, Tony Magistrale shows how King's fiction transcends the escapism typical of its genre to tap into our deepest cultural fears: "that the government we have installed through the democratic process is not only corrupt but actively pursuing our destruction." As our technologies have progressed to the point at which the individual has now become expendable, and our fundamental social institutions--school, marriage, workplace, and the church--have, beneath their veneer of respectability, evolved into perverse manifestations of narcissism, greed, and violence." Tracing King's moralist vision to the likes of Twain, Hawthorne, and Melville, *Landscape of Fear* establishes the place

popular writer within the grand tradition of American literature. Like his literary forbears, King gives us characters that have the capacity to make ethical choices in an imperfect, often evil world. Yet he ins conflict within unmistakably modern settings. From the industrial nightmare of "Graveyard Shift" to th breakdown of the domestic sphere in *The Shining*, from the techno-horrors of *The Stand* to the religio fanaticism and adolescent cruelty depicted in *Carrie*, Magistrale charts the contours of King's fictiona landscape in its first decade.

Kings and Presidents Sep 22 2022 An insider's account of the often-fraught U.S.-Saudi relationship Saudi Arabia and the United States have been partners since 1943, when President Roosevelt met with two Saudi monarchs. Subsequent U.S. presidents have had direct relationships with those kings and their successors—setting the tone for a special partnership between an absolute monarchy with a unique I identity and the world's most powerful democracy. Although based in large part on economic interests, U.S.-Saudi relationship has rarely been smooth. Differences over Israel have caused friction since the e days, and ambiguities about Saudi involvement—or lack of it—in the September 11 terrorist attacks ag United States continue to haunt the relationship. Now, both countries have new, still-to be-tested lea President Trump and King Salman. Bruce Riedel for decades has followed these kings and presidents d his career at the CIA, the White House, and Brookings. This book offers an insider's account of the U.S relationship, with unique insights. Using declassified documents, memoirs by both Saudis and American eyewitness accounts, this book takes the reader inside the royal palaces, the holy cities, and the Whit gain an understanding of this complex partnership.
