When Caroline Trent is kidnapped by Blake Ravenscroft, she doesn't even try to elude this dangerously handsome agent of the crown. After all, she's been running from unwanted marriage proposals. Yes, Blake believes she's a notorious spy named Carlotta De Leon, but for six weeks until her twenty-first birthday, when she'll gain control of her fortune, hiding out in the titillating company of a mysterious captor is awfully convenient -- and maybe just a little romantic, too. Blake Ravenscroft's mission is to bring "Carlotta" to justice, not to fall in love. His heart has been hardened by years of intrigue, but this little temptress proves oddly disarming and thoroughly kissable. And suddenly the unthinkable becomes possible -- that this mismatched Couple might be destined for love. Leaving her Dominican Order to stand by a cousin who has been condemned to death by Henry VIII, novice Joanna Stafford and her father are arrested and ordered by the Bishop of Winchester to recover a religious artifact believed to hold a sacred power. Can't get enough of *The Crown*? In this must-have exploration of the history behind seasons 2 and 3 of Peter Morgan's Emmy-winning Netflix drama, the show's historical consultant answers all your questions alongside beautifully reproduced archival photographs. In this eye-opening companion to seasons 2 and 3 of Netflix's acclaimed series *The Crown*, renowned biographer and historical consultant Robert Lacey takes us through the real history that inspired the drama. Covering two tumultuous decades in the reign of Queen Elizabeth II, Lacey looks at the key social, political, and personal moments and their effects—not only on the royal family but also on

the world around them. From the Suez Crisis and the U.S.-Soviet space race to the legacy of the Duke of Windsor's collaboration with Hitler, along with the rumored issues with the royal marriage, the book provides a thought-provoking insight into the historic decades that the show explores, revealing the truth behind the on-screen drama. Fascinating and fast-paced, this is a unique look behind the history that inspired the show and the years that would prove to be the making of the Queen. The *Crown* is now available to watch on Netflix. The *Crown* is produced by Left Bank Pictures in association with Sony Pictures Television for Netflix. The official companion to the Emmy-winning Netflix drama chronicling the reign of Queen Elizabeth II, and starring Claire Foy and John Lithgow, *The Crown* by Peter Morgan, featuring additional historical background and beautifully reproduced archival photos and show stills Elizabeth Mountbatten never expected her father to die so suddenly, so young, leaving her with a throne to fill and a global institution to govern. Crowned at twenty-five, she was already a wife and mother as she began her journey towards becoming a queen. As Britain lifted itself out of the shadow of war, the new monarch faced her own challenges. Her mother doubted her marriage; her uncle-in-exile derided her abilities; her husband resented the sacrifice of his career and family name; and her rebellious sister embarked on a love affair that threatened the centuries-old links between the Church and the Crown. This is the story of how Elizabeth II drew on every ounce of resolve to ensure that the Crown always came out on top. Written by the show's historical consultant, royal biographer Robert Lacey, and filled with beautifully reproduced archival photos and show stills, *The Crown: The Official Companion: Volume 1* adds expert and in-depth detail to the events of the series, painting an intimate portrait of life inside Buckingham Palace and 10 Downing Street. Here is Elizabeth II as we've never seen her before. *Bow Before Your Queen Or Bleed Before Her...* From #1 New York Times bestselling author Jennifer L. Armentrout comes book three in her *Blood and Ash* series. She's been the victim and the survivor... Poppy never dreamed she would find the love she's found with Prince Casteel. She wants to revel in her happiness but first they must free his brother and find hers. It's a dangerous mission and one with far-reaching consequences neither dreamed of. Because Poppy is the Chosen, the Blessed. The true ruler of Atlantia. She carries the blood of the King of Gods within her. By right the crown and the kingdom are hers. The enemy and the warrior... Poppy has only ever wanted to control her own life, not the lives of others, but now she must choose to either forsake her birthright or seize the gilded crown and become the Queen of Flesh and Fire. But as the kingdoms' dark sins and blood-drenched secrets finally unravel, a long-forgotten power rises to pose a genuine threat. And they will stop at nothing to ensure that the

crown never sits upon Poppy's head. A lover and heartmate... But the greatest threat to them and to Atlantia is what awaits in the far west, where the Queen of Blood and Ash has her own plans, ones she has waited hundreds of years to carry out. Poppy and Casteel must consider the impossible—travel to the Lands of the Gods and wake the King himself. And as shocking secrets and the harshest betrayals come to light, and enemies emerge to threaten everything Poppy and Casteel have fought for, they will discover just how far they are willing to go for their people—and each other. And now she will become Queen... The fascinating royal and social history that inspired Seasons 2 and 3 of *The Crown*, written by the show's historical consultant. In this incredible companion to the second and third seasons of Netflix's acclaimed series *The Crown*, renowned biographer and the show's historical consultant Robert Lacey takes us through the real history that inspired the drama. Covering two tumultuous decades in the reign of Elizabeth II, Lacey looks at the key social, political and personal moments and the effect they had not only on the royal family, but also on the world around them. From the Suez Canal Crisis and the US/Russia space race to the Duke of Windsor's collaboration with Hitler and the rumoured issues with the royal marriage, the book will provide a fascinating insight into the two decades that the show covers, revealing the truth behind the fiction on-screen. Extensively researched and complete with beautifully reproduced photographs, this is a unique look behind the history that inspired the show and the years that would prove to be the making of The Queen. A gripping new novel, *Keeper of the Crown* is set in Baghdad, Iraq. The year is 1936, a period of upheaval, and anti-Jewish riots are sweeping the city. Jacob Matalon decides he must attempt to send his daughter, twelve-year-old Masuda, Synopsis coming soon..... While it is well known that more Africans fought on behalf of the British than with the successful patriots of the American Revolution, Gerald Horne reveals in his latest work of historical recovery that after 1776, Africans and African-Americans continued to collaborate with Great Britain against the United States in battles big and small until the Civil War. Many African Americans viewed Britain, an early advocate of abolitionism and emancipator of its own slaves, as a powerful ally in their resistance to slavery in the Americas. This allegiance was far-reaching, from the Caribbean to outposts in North America to Canada. In turn, the British welcomed and actively recruited both fugitive and free African Americans, arming them and employing them in military engagements throughout the Atlantic World, as the British sought to maintain a foothold in the Americas following the Revolution. In this path-breaking book, Horne rewrites the history of slave resistance by placing it for the first time in the context of military and diplomatic wrangling between Britain and the United States. Painstakingly researched and full of revelations, *Negro Comrades of the Crown* is among the first book-length studies to highlight the Atlantic origins of the Civil War, and the active role played by African Americans within these external factors that led to it. Listen to a one hour special with Dr. Gerald Horne on the

"Sojourner Truth" radio show. "The most knowledgeable royal biographer on the planet" -- The Financial Times Hugo Vickers is an acknowledged authority on the British Royal Family. He has commented on royal matters on television and radio since 1973 and worked as historical adviser on a number of films. He is the author of books on the Queen Mother, the Duchess of Windsor, Princess Andrew of Greece (Prince Philip's mother) and Queen Mary all of whom are featured in the popular Netflix show, *The Crown*. Since November 2016, Peter Morgan has presented millions of viewers with the first 3 seasons of *The Crown*, positioned as an accurate, dramatized portrayal of the life and reign of Queen Elizabeth II. Now, in *The Crown Dissected*, Vickers separates fact from fiction in all 3 seasons of the series. Episode-by-episode analysis dissects the plots, characterization and historical detail in each storyline. Vickers tells us what really happened and what certainly did not happen. It's a must-read for fans of the show, and proves that more than a little artistic license has gone into the making of *The Crown*. The official book to the Golden Globe and BAFTA award-winning Netflix drama, *The Crown*, with extensive research, additional material and beautifully reproduced photographs. 'The things which I have here before promised, I will perform and keep. So help me God.' Elizabeth Mountbatten never expected her father to die so suddenly, so young, leaving her with a throne to fill and a global institution to govern. Crowned at 25, she was already a wife and mother. Follow the journey of a woman learning to become a queen. As Britain lifted itself out of the shadow of war, the new monarch faced her own challenges. Her mother doubted her marriage; her uncle-in-exile derided her abilities; her husband resented the sacrifice of his career and family name; while her rebellious sister embarked on a love affair that threatened the centuries-old links between the Church and the Crown. This is the story of how Elizabeth II drew on every ounce of resolve to ensure that the Crown always came out on top. Netflix's original series *The Crown* dramatised Peter Morgan's powerful portrayal of Britain's longest-reigning monarch. Written by royal biographer Robert Lacey, *The Crown: The Inside History* adds expert and in-depth detail to the events of the series, painting an intimate portrait of life inside Buckingham Palace and 10 Downing Street. Here is Elizabeth II as we've never seen her before. Set in England when Vikings are on the brink of invasion, this is an epic tale of seduction, war, and unrequited love from an outstanding new voice in historical fiction *Blood on the Crown* is set in the latter half of the fourteenth century. Will son of Harry is about to join one of the freebooting mercenaries who serve the Black Prince in Gascony and Spain. Soldiers of fortune they fight for pay and for loot. Circumstances mean that he comes to the attention of the heir to the English throne, Prince Edward and is chosen as the bodyguard for his sons, Edward and Richard. When the Black Prince dies before his father and his elder brother Edward also dies, a young Richard of Bordeaux becomes heir to the throne and Will has a greater responsibility than he expected. He becomes King at the age of just ten. Intrigue, attempted murder and a revolt by the

peasants of Kent, Essex and London put both the young King and his bodyguard in mortal danger. Based on the actual events of the years 1367- 1382 the novel shows the struggle for the crown through the eyes of a young warrior. This text captures the magnificence of a collection of symbolic objects steeped in English history like no other: the crown jewels. A Daily Mail Book of the Year and a The Times and Sunday Times Best Book of 2021 'Monumental.. Authoritative and highly readable.' Ben Macintyre, The Times 'A fascinating history of royal espionage.' Sunday Times 'Excellent... Compelling' Guardian For the first time, *Spying and the Crown* uncovers the remarkable relationship between the Royal Family and the intelligence community, from the reign of Queen Victoria to the death of Princess Diana. In an enthralling narrative, Richard J. Aldrich and Rory Cormac show how the British secret services grew out of persistent attempts to assassinate Victoria and then operated on a private and informal basis, drawing on close personal relationships between senior spies, the aristocracy, and the monarchy. This reached its zenith after the murder of the Romanovs and the Russian revolution when, fearing a similar revolt in Britain, King George V considered using private networks to provide intelligence on the loyalty of the armed forces - and of the broader population. In 1936, the dramatic abdication of Edward VIII formed a turning point in this relationship. What originally started as family feuding over a romantic liaison with the American divorcee Wallis Simpson, escalated into a national security crisis. Fearing the couple's Nazi sympathies as well as domestic instability, British spies turned their attention to the King. During the Second World War, his successor, King George VI gradually restored trust between the secret world and House of Windsor. Thereafter, Queen Elizabeth II regularly enacted her constitutional right to advise and warn, raising her eyebrow knowingly at prime ministers and spymasters alike. Based on original research and new evidence, *Spying and the Crown* presents the British monarchy in an entirely new light and reveals how far their majesties still call the shots in a hidden world. Previously published as *The Secret Royals*. Autumn 1921. The Peabody-Emerson clan are enjoying a fruitful period of excavation in Egypt. But when they hear the alarming tale of a man's mysterious death their digging turns to detecting. His widow is convinced her husband was the victim of a curse and implores the Emersons to find and return the small 'deadly' statue that killed him to the tomb from which it was stolen -- before it claims another life. From bitter experience the Emersons know it would be a serious mistake to start chasing tomb robbers. But Amelia and family soon start to find the curse may be more real than ever imagined... From exile and war to love and loss—every dynasty has a beginning. Henry Tudor was not born to the throne of England. Having come of age in a time of political turmoil and danger, the man who would become Henry VII spent fourteen years in exile in Brittany before returning triumphantly to the Dorset coast with a small army and decisively winning the Battle of Bosworth Field—ending the War of the Roses once and for all and launching the infamous

Tudor dynasty. As Henry's claim to the throne was tenuous, his marriage to Elizabeth of York, daughter and direct heir of King Edward IV, not only served to unify the warring houses, it also helped Henry secure the throne for himself and for generations to come. And though their union was born from political necessity, it became a wonderful love story that led to seven children and twenty happy years together. Sweeping and dramatic, *To Hold the Crown* brings readers inside the genesis of the great Tudor empire: through Henry and Elizabeth's troubled ascensions to the throne, their marriage and rule, the heartbreak caused by the death of their son Arthur, and, ultimately, to the crowning of their younger son, King Henry VIII. "Plaidy excels at blending history with romance and drama." —New York Times She wasn't supposed to become so powerful. She wasn't even supposed to survive. In an empire divided into three rings, Talise is from the lowliest and most dangerous outer ring. To escape that life, she just has to do three things. 1) Attend an elite academy for manipulating the elements of water, air, earth, and fire. 2) Become the most powerful student in her year. 3) Prove her magic is the best in a competition in front of the emperor himself. Everything goes according to plan until a handsome and rich young man shows up with just as much skill as her. She has to win. She has to hate him. But when the competition falls apart, the emperor forces them to work together instead. Their growing attraction only distracts them from dark truths the empire has hidden for too long. Secrets lurk in every shadow of the palace, hiding a conflict that sits on the brink of war. But Talise has secrets of her own. Secrets that could destroy her. A war is coming. Talise can only hope she's powerful enough to meet it. If you like fierce females, enemies to lovers romance, royal intrigue, and shocking plot twists, you'll love this complete epic fantasy series. This book has exclusive content including a map of Kamdaria, character illustrations of Talise and Aaden, instructions to the game, Forces of Kamdaria, and an excerpt to the companion short story, Winds of Flame. This series was originally published as novellas. This book includes novellas #1-4 of The Elements of Kamdaria (Ice Crown, Wind Crown, Dust Crown, and Flame Crown). Don't miss the other books in this breathtaking epic fantasy series. #1: The Elements of the Crown #2: The Elements of the Gate #3: The Elements of the Storm Buy The Elements of the Crown and dive into a magical world. Join us on a behind-the-scenes tour of the filming locations for the award-winning Netflix series *The Crown*. The series re-creates the romance and intrigue at the heart of Britain's royal family, and within these pages we seek out the settings so integral to the story, linking each fictional site to its real-life counterpart. Covering the first four seasons, starting with Princess Elizabeth's marriage to Prince Philip in 1947 and concluding in 1990—with attention to the relationship of Prince Charles and Lady Diana Spencer following their 1981 wedding—this is the perfect opportunity for every fan of *The Crown* to follow in the footsteps of royalty. Stunning Ely Cathedral provides the backdrop to the iconic Westminster Abbey where Princess Elizabeth's wedding took place, while Belvoir Castle, Hatfield House, and Burghley

House are just three of the fine locations that double as Windsor Castle. Historic Winchester Cathedral transforms into St. Paul's Cathedral in the run-up to the wedding of Charles and Diana, its versatility also seeing it representing both Romsey Abbey and Westminster Abbey. Sweeping across Britain from London and the home counties to the Welsh treasure that is Caernarfon Castle, heading north to Manchester and Liverpool and onward to the majestic Scottish Highlands, this book takes you on a royal tour of Britain and the venues that were an inspiration for this special drama. Many of the featured sites are open to the public, so in addition to learning about how these places played their part, you can visit and enjoy the real spectacle in person. From lonely little girl... to the people's princess. She is the last hope of a kingdom crushed under the heel of tyranny. At first alone in the world, everything changed the day she met Gerald; once a forgotten old warrior, now the General of her army. With the aid of those willing to sacrifice their lives for the cause of good, she prepares to wage war against her brother, a king more corrupt than even her dead father. All her life has led up to this. Now, they seek to unite the ancient races in a desperate race to win the crown before the Dark Queen enslaves them all. "It's really difficult to stop reading these books. Looking forward to more books from this author." Bestselling author Jennifer Estep returns to her Crown of Shards world with an all-new trilogy and a bold new heroine who protects her kingdom from magic, murder, and mayhem by moonlighting as a spy. Gemma Ripley has a reputation for being a

pampered princess who is more interested in pretty gowns, sparkling jewelry, and other frivolous things than learning how to rule the kingdom of Andvari. But her carefully crafted persona is just an act to hide the fact that Gemma is a powerful mind magier—and a spy. Gemma is undercover, trying to figure out who is stealing large amounts of tearstone from one of the Ripley royal mines when she encounters Prince Leonidas Morricone of Morta—her mortal enemy. Gemma tries to steer clear of the handsome prince, but when she finds herself behind enemy lines, she reluctantly joins forces with Leo. Also coming to Gemma's aid is Grimley, her beloved gargoyle. Despite the fact that Andvari and Morta are old, bitter enemies, a dangerous attraction sparks between Gemma and Leo. Further complicating matters is Leo's murderous family, especially Queen Maeven Morricone, the mastermind behind the infamous Seven Spire massacre. The closer Gemma gets to the stolen tearstone, the more deadly plots she uncovers. Everyone is trying to capture the crown, but only one queen can sit on the throne ...

Vanity Fair Royals correspondent and bestselling author of William and Harry and Kate explores the remarkable life and reign of Queen Elizabeth II and the legacy she is handing down to the next generation. For seventy years, Queen Elizabeth has ruled over an institution and a family. She has been constant in her desire to provide a steady presence and to be a trustworthy steward of the British people and the Commonwealth. In the face of her uncle's abdication, in the uncertainty of the Blitz, and in the tentative exposure of her family and private life to the public via the press, Elizabeth has become synonymous with the crown. But times change. Recent years have brought grief and turmoil to the House of Windsor, and even as England prepares to celebrate the Queen's Platinum Jubilee, there are calls for a changing of the guard. In *The New Royals*, journalist Katie Nicholl provides a nuanced look at Elizabeth's remarkable and unrivalled reign, with new stories from Palace courtiers and aides, documentarians, and family members. She examines Charles and Camilla's decades in waiting and beyond—where "The Firm" is headed as William and Kate present the modern faces of an ancient institution. In the wake of Harry and Meghan leaving the Royal Family and Andrew's spectacular fall from grace, the royal family must reckon with its history, the light and the dark, in order to chart a course for Britain beyond its Queen and to show that it is an institution capable of leadership in an ever-changing modern world. This book constitutes the first systematic treatment in English of the preeminent regulated company, the Merchant Adventurers of England, during the early sixteenth century. The author analyzes the symbiotic relationship between the Crown and Company and concludes with a discussion of how war and diplomacy influenced the Company's fortunes. *The Agents of the Crown*—the "rollicking new historical thriller" (The New York Times Book Review) series—returns with this riveting novel following the original MI6 agent as he is assigned a dangerous mission to recreate a weapon from antiquity. As she travels through Waltham Forest, Queen Elizabeth I is ambushed by masked gunmen who leave her

carriage riddled with holes before disappearing into the night. The Queen's Private Secretary, Sir Francis Walsingham, is tasked with finding the perpetrators, about whom they know precious little. But someone alerted the gunman to the route of the Queen's carriage, and Walsingham knows that the assassins will not stop until she's dead. While Queen Elizabeth's Privy Council debates how to best secure the throne in the wake of the attack and Catholic Spain's further intrusion into the Low Countries, the queen herself searches for the ultimate weapon to protect her country and throne: Greek fire, the recipe of which disappeared with the collapse of the Byzantine Empire. She orders her friend John Dee—scientist, philosopher, and spy—to rediscover this vital secret, despite his misgivings. For he understands that in a world fraught with coded messages, ruthless adversaries, and deadly plot, his mission to secure his nation's future may prove impossible, unless he deploys the most effective weapon of all: intelligence. With his "twisty, fast-paced" (Publishers Weekly) prose, Oliver Clements weaves another white-knuckled and intelligent historical thriller set in the Age of the Enlightenment with parallels in the present day. *Crown on Camera* traces the remarkable relationship between the British Royal Family and photography over the course of nearly 200 years. From Queen Victoria and Prince Albert's enthusiastic adoption of the emerging technology in the mid-19th century to the use of Instagram by the modern monarchy. Today, photographs of the British Royal Family remain some of the most widely distributed images across the world. Featuring iconic formal portraits alongside little-known pictures from private collections, this fascinating book explores how each new development of the medium has been embraced to record royal life. Since its invention almost two centuries ago, photography has created an unprecedented intimacy between monarch and subject. Where previously royal painted portraiture allowed a degree of control and an element of creative licence and negotiation between artist and sitter, the development of the photographic image provided the public with a more personal window on to the lives of the people behind the pageantry. Over the years, the medium has helped to shape the role and purpose of the Royal Family - to the point where, in a rapidly changing society, the close connection between Crown and camera has ensured the continued survival and popularity of the British monarchy. The book also considers the art of royal photography through the monarchy's patronage of such major 20th-century photographers as Cecil Beaton and family members Lord Snowdon and Patrick Lichfield, and such contemporary photographers as Chris Jackson. Members of the Royal Family have always been keen photographers themselves. *Crown on Camera* includes pictures from their private albums, and looks, too, at the publication of photographs by the royals, from Queen Alexandra to the Duchess of Cambridge, where the personal view has become the public image. Written by an expert curator from Historic Royal Palaces and published to coincide with a major new exhibition at Kensington Palace, the book combines an introductory essay with 200 extraordinary royal images and engaging

extended captions that reveal the story behind each photograph. Now available in paperback, award-winning journalist, author, and monarchical authority John Fraser offers a fascinating account of Canada's ongoing affair with royalty, set against the backdrop of an historic wedding, a Diamond Jubilee year, and a rogue prince. With his trademark wit and artful agility, Fraser looks at the Crown's evolution from the Age of Deference to the era of celebrity to the present popular revival. He examines the differences between tribal monarchy and constitutional monarchy, the key roles of the governor general and the lieutenant governor, and the media's insatiable appetite for the Royal Family. Finally, he speculates on the future reign of Charles, Prince of Wales, and pays homage to Queen Elizabeth II on her Diamond Jubilee. Erudite and highly entertaining, *The Secret of the Crown* offers a captivating appraisal of Canada's long-standing affair with royalty. This volume includes a lavish 32-page photo insert to create a spectacular visual history of the once and future crown. "With government having assumed an important role in most areas of economic and social life, issues relating to potential legal liability for wrongful or negligent activity have taken on increasing importance. When things go wrong, whether it involves matters as diverse as problems with the blood supply, with unsafe drinking water, or the failure of a major financial institution, those who suffer loss inevitably look to whether their losses can be traced back to government or regulatory failure. For sixty years Elizabeth II has met each of her twelve prime ministers in a weekly audience at Buckingham Palace, a meeting like no other in British public life. It is private. Both parties have an unspoken agreement never to repeat what is said. Not even to their spouses. *The Audience* breaks this contract of silence. It imagines a series of pivotal meetings between the Downing Street incumbents and their Queen. From Churchill to Cameron, each prime minister has used these private conversations as a sounding board and a confessional - sometimes intimate, sometimes explosive. From young mother to grandmother, these private audiences chart the arc of the second Elizabethan Age. Politicians come and go through the revolving door of electoral politics, while she remains constant, waiting to welcome her next prime minister. *The Audience* by Peter Morgan premiered at the Gielgud Theatre, London, in March 2013. Before the crown there was a love story... *THE KING IS DEAD, LONG LIVE THE QUEEN* It is 1952 and Britain is changing. The Second World War is over, but the country is still scarred, recovering from six years of horror and still in the grip of food rationing. The British Empire is crumbling as countries fight for their independence both literally and physically. And George VI, the king who had refused to abandon London, is dead. *Thorns in the Crown* is the story of a country on the precipice, divided between those who held firm to old values and traditions and those who were fighting for modernity and progression. Featuring memories and reflections of those who were part of the coronation, Barry Turner presents a unique look at Britain as it came to terms with the second Elizabethan age. An old warrior, too stubborn to die. A royal heir, hidden since birth. Can they save a realm on

the brink of war? Tragedy tears his world apart, forcing him back into a warrior's life, until an act of self-sacrifice cuts him off from all he knows. Now he seeks a new purpose, for what is a warrior who has nothing left to fight for? The spectacular happily ever after of the #1 New York Times bestselling Selection series Kiera Cass's #1 New York Times bestselling Selection series has captured the hearts of readers from its very first page. Now the end of the journey is here. Prepare to be swept off your feet by *The Crown*—the eagerly awaited, wonderfully romantic fifth and final book in the Selection series. In *The Heir*, a new era dawned in the world of *The Selection*. Twenty years have passed since America Singer and Prince Maxon fell in love, and their daughter is the first princess to hold a Selection of her own. Eadlyn didn't think she would find a real partner among the Selection's thirty-five suitors, let alone true love. But sometimes the heart has a way of surprising you...and now Eadlyn must make a choice that feels more difficult—and more important—than she ever expected. Don't miss *The Betrothed*, a glittering royal romance sure to captivate Kiera Cass's legion of loyal readers and lovers of courtly intrigue alike! The fate of English magic lies in their hands ... In *Regency London*, Zacharias Wythe is England's first African Sorcerer Royal. He leads the eminent Royal Society of Unnatural Philosophers, but a malicious faction seeks to remove him by fair means or foul. Meanwhile, the Society is failing its vital duty - to keep stable the levels of magic within His Majesty's lands. The Fairy Court is blocking its supply, straining England's dangerously declining magical stores. And now the government is demanding to use this scarce resource in its war with France. Ambitious orphan Prunella Gentleman is desperate to escape the school where she's drudged all her life, and a visit by the beleaguered Sorcerer Royal seems the perfect opportunity. For Prunella has just stumbled upon English magic's greatest discovery in centuries - and

she intends to make the most of it. At his wits' end, the last thing Zachariah needs is a female magical prodigy! But together, they might just change the nature of sorcery, in Britain and beyond. Though he possesses the legendary sword Excalibur, the boy-king "Arthor" discovers that he must earn the respect of the warring lords of Britain before he can truly claim his place as their leader. The third volume in Attanasio's epic re-creation of the Arthurian cycle follows young Arthor through his first difficult year of kingship. This is a flamboyant, magical retelling of the saga of Camelot. In December 1936, Britain faced a constitutional crisis that was the gravest threat to the institution of the monarchy since the execution of Charles I. The ruling monarch, Edward VIII, wished to marry the American divorcée Wallis Simpson and crown her as his Queen. His actions scandalised the Establishment, who were desperate to avoid an international embarrassment at a time when war seemed imminent. An influential coalition formed against him, including the Prime Minister Stanley Baldwin, his private secretary Alec Hardinge, the Archbishop of Canterbury and the editor of *The Times*. Edward seemed fated to give up Wallis and remain a reluctant ruler, or to abdicate his throne. Yet he had his own supporters, too, including Winston Churchill, the Machiavellian newspaper proprietor Lord Beaverbrook and his brilliant adviser Walter Monckton. They offered him the chance to remain on the throne and keep Wallis. But was the price they asked too high? Using previously unpublished and rare archival material, and new interviews with those who knew Edward and Wallis, *THE CROWN IN CRISIS* is the conclusive exploration of how an unthinkable and unprecedented event tore the country apart. This seismic event has been written about before but never with the ticking-clock suspense and pace of the thriller that it undoubtedly was for all of its participants. Painstakingly researched, incisively written and

entirely fresh in its approach, *THE CROWN IN CRISIS* brings the events of that time to thrilling life, and in the process will appeal to an entirely new audience. The succession to the throne, Lisa Hopkins argues here, was a burning topic not only in the final years of Elizabeth but well into the 1630s, with continuing questions about how James's two kingdoms might be ruled after his death. Because the issue, with its attendant constitutional questions, was so politically sensitive, Hopkins contends that drama, with its riddled identities, oblique relationship to reality, and inherent blurring of the extent to which the situation it dramatizes is indicative or particular, offered a crucial forum for the discussion. Hopkins analyzes some of the ways in which the dramatic works of the time - by Marlowe, Shakespeare, Webster and Ford among others - reflect, negotiate and dream the issue of the succession to the throne. There is huge excitement at the palace. It's the Queen's birthday, and this year it's a very special birthday--the Queen will be ninety years old! In the palace, Mr. Wiggins, the Master of Ceremonies, has been hard at work organizing the celebrations. Now everything is ready--but for one thing. The Queen still has to choose the perfect birthday crown! Published to celebrate The Queen's ninetieth birthday, this enchanting book, illustrated with delightful cut-paper collages, tells the story of the search for the perfect crown for this very special day. As we readers turn the pages, they can try to guess which crown will finally be chosen. Will it be the crown from the royal jewelers? The one from the royal chocolate-makers or the royal stables? Or are none of these quite right for such a special day? A story about the things that are truly important on any birthday, making special new memories while keeping the old ones close by, *The Birthday Crown* will capture the imagination of young readers, while the detailed and amusing illustrations will create an experience they'll want to return to again and again.
