Or What You Will

Oct 19 2022 Or What You Will is an utterly original novel about how stories are brought forth from Hugo, Nebula, and World Fantasy Award-winning author Jo Walton. He has been too many things to count. He has been a dragon with a boy on his back. He has been a scholar, a warrior, a lover, and a thief. He has been dream and dreamer. He has been a god. But "he" is in fact nothing more than a spark of idea, a character in the mind of Sylvia Harrison, 73, award-winning author of thirty

novels over forty years. He has played a part in most of those novels, and in the recesses of her mind, Sylvia has conversed with him for years. But Sylvia won't live forever, any more than any human does. And he's trapped inside her cave of bone, her hollow of skull. When she dies, so will he. Now Sylvia is starting a new novel, a fantasy for adult readers, set in Thalia, the Florence-resembling imaginary city that was the setting for a successful YA trilogy she published decades before. Of course he's got a part in it. But he also has a notion. He thinks he knows how he and Sylvia can step

off the wheel of mortality altogether. All he has to do is convince her. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

My Real Children

Jun 22 2020 It's 2015, and Patricia Cowan is very old. "Confused today," read the notes clipped to the end of her bed. She forgets things she should know-what year it is, major events in the lives of her children. But she remembers things that don't seem possible. She remembers marrying Mark and having four children. And she remembers not marrying Mark and raising three

children with Bee instead. She remembers the bomb that killed President Kennedy in 1963, and she remembers Kennedy in 1964, declining to run again after the nuclear exchange that took out Miami and Kiev. Her childhood, her years at Oxford during the Second World War-those were solid things. But after that, did she marry Mark or not? Did her friends all call her Trish, or Pat? Had she been a housewife who escaped a terrible marriage after her children were grown, or a successful travel writer with homes in Britain and Italy? And the moon outside her window: does it

host a benign research station, or a command post bristling with nuclear missiles? Two lives, two worlds, two versions of modern history; each with their loves and losses, their sorrows and triumphs. Jo Walton's *My Real Children* is the tale of both of Patricia Cowan's lives...and of how every life means the entire world.

Escape to Other Worlds with Science Fiction Jul 24 2020 It's 1960, and the Axis powers dominate the world. Life goes on, because, as we see in "Escape to Other Worlds with Science Fiction," history is driven both by big events and by small

temptations... Following the appearance of her first two novels, *The King's Peace* and *The King's Name*, Jo Walton won the 2002 John W. Campbell Award for Best New Writer. Two years later she won the World Fantasy Award for *Tooth and Claw*. Her *Small Change* trilogy, comprising *Farthing*, *Ha'penny*, and *Half A Crown*, is set in a world in which Britain struck an early truce with Hitler in 1941; "Escape to Other Worlds with Science Fiction" is set in the America of that world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The King's Name
May 22 2020 Years
have passed since
the Jarnish
invasion, and Sulien
ap Gwien has
worked tirelessly
alongside her lord,
King Urdo, to
restore the King's
Peace to Tir
Tanagiri. But the
man Sulien believes
to be the greatest
of his time is seen
by others as a
potential tyrant.
Urdo's vision of a
nation of citizens
bound by a single
code of law is
viewed with
increasing mistrust,
and this soon gives
way to civil war.
Sulien must take up
arms again. But
where once her
enemies were
barbarian invaders,
now they are
former comrades
and loved ones. As
the conflict tears

her country and her
family apart, Sulien
must fight harder
and harder to hold
onto Urdo's vision
of the future. Praise
for the Trilogy
'Walton writes with
an authenticity that
never loses heart, a
rare combination . .
. She can dig down
to a true vein of
legend and hammer
out gold.' Robin
Hobb 'The people,
the politics, the
details of warfare
and daily life, all
ring as true as the
steel sword the
heroine wields so
doughtily. This is
much more than a
retooling of the
Matter of Britain: it
is a fully imagined,
living, magical
world.' Delia
Sherman 'Beautiful
and thought-
provoking. Walton
tells a story set in a
world and a history

almost like ours,
but different
enough to be in
itself a kind of
elvenland.' Poul
Anderson 'Head
and shoulders and
sword-arm above
most fantasy. Like a
lost memoir from
the Dark Age of a
subtly different
history, tough and
unsentimental and
all the more
touching for that.'

Among Others
Nov 08 2021
Winner of the 2011
Nebula Award for
Best Novel Winner
of the 2012 Hugo
Award for Best
Novel Startling,
unusual, and yet
irresistably
readable, Among
Others is at once
the compelling
story of a young
woman struggling
to escape a
troubled childhood,

a brilliant diary of first encounters with the great novels of modern fantasy and SF, and a spellbinding tale of escape from ancient enchantment. Raised by a half-mad mother who dabbled in magic, Morwenna Phelps found refuge in two worlds. As a child growing up in Wales, she played among the spirits who made their homes in industrial ruins. But her mind found freedom and promise in the science fiction novels that were her closest companions. Then her mother tried to bend the spirits to dark ends, and Mori was forced to confront her in a magical battle that left her crippled--

and her twin sister dead. Fleeing to her father whom she barely knew, Mori was sent to boarding school in England—a place all but devoid of true magic. There, outcast and alone, she tempted fate by doing magic herself, in an attempt to find a circle of like-minded friends. But her magic also drew the attention of her mother, bringing about a reckoning that could no longer be put off... Combining elements of autobiography with flights of imagination in the manner of novels like Jonathan Lethem's *The Fortress of Solitude*, this is potentially a breakout book for

an author whose genius has already been hailed by peers like Kelly Link, Sarah Weinman, and Ursula K. Le Guin. One of *School Library Journal's* Best Adult Books 4 Teens titles of 2011 One of *io9's* best Science Fiction & Fantasy books of the year 2011 **Tooth and Claw** Jan 22 2023 A tale of contention over love and money—among dragons Jo Walton burst onto the fantasy scene with *The King's Peace*, acclaimed by writers as diverse as Poul Anderson, Robin Hobb, and Ken MacLeod. In 2002, she was voted the John W. Campbell Award for Best New Writer. Now Walton returns

with Tooth and Claw, a very different kind of fantasy story: the tale of a family dealing with the death of their father, of a son who goes to law for his inheritance, a son who agonizes over his father's deathbed confession, a daughter who falls in love, a daughter who becomes involved in the abolition movement, and a daughter sacrificing herself for her husband. Except that everyone in the story is a dragon, red in tooth and claw. Here is a world of politics and train stations, of churchmen and family retainers, of courtship and country houses...in which, on the death

of an elder, family members gather to eat the body of the deceased. In which society's high-and-mighty members avail themselves of the privilege of killing and eating the weaker children, which they do with ceremony and relish, growing stronger thereby. You have never read a novel like Tooth and Claw. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Lent Sep 18 2022
From Hugo, Nebula, and World Fantasy Award-winning Jo Walton comes Lent, a magical re-imagining of the man who remade

fifteenth-century Florence—in all its astonishing strangeness Young Girolamo's life is a series of miracles. It's a miracle that he can see demons, plain as day, and that he can cast them out with the force of his will. It's a miracle that he's friends with Pico della Mirandola, the Count of Concordia. It's a miracle that when Girolamo visits the deathbed of Lorenzo "the Magnificent," the dying Medici is wreathed in celestial light, a surprise to everyone, Lorenzo included. It's a miracle that when Charles VIII of France invades northern Italy, Girolamo meets him in the field, and convinces him to

not only spare Florence but also protect it. It's a miracle than whenever Girolamo preaches, crowds swoon. It's a miracle that, despite the Pope's determination to bring young Girolamo to heel, he's still on the loose...and, now, running Florence in all but name. That's only the beginning. Because Girolamo Savonarola is not who—or what—he thinks he is. He will discover the truth about himself at the most startling possible time. And this will be only the beginning of his many lives. "Rendered with Walton's usual power and beauty...It's this haunting character complexity that

ultimately holds the reader captive to the tale." —N. K. Jemisin, New York Times, on *My Real Children* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Dragon of Jin-Sayeng Jul 04 2021 The stunning finale to the *Chronicles of the Bitch Queen* trilogy where the queen of a divided land must unite her people against the enemies who threaten to tear her country

apart. Queen Talyien is finally home, but dangers she never imagined await her in the shadowed halls of her father's castle. War is on the horizon. Her son has been stolen from her, her warlords despise her and, across the sea, a cursed prince threatens her nation with invasion in order to win her hand. Worse yet, her father's ancient secrets are dangerous enough to bring Jin-Sayeng to ruin. Dark magic tears rifts in the sky, preparing to rain down madness, chaos, and the possibility of setting her nation aflame. Bearing the brunt of the past and uncertain about her future, Talyien will need to decide

between fleeing her shadows or embracing them before the whole world becomes an inferno. Praise for the series: 'K. S. Villoso is a powerful new voice in fantasy' Kameron Hurley 'An action-packed plot and deep, vivid world-building' Melissa Caruso 'Intricate, intimate and intensely plotted' Nicholas Eames *Lifelode* May 14 2022 *Lifelode* is the Mythopoeic Award Winning novel from Hugo, Nebula and World Fantasy Award winning author Jo Walton. It was published in hardcover in 2009 by NESFA Press and is now available for the first time as an ebook. At its heart, *Lifelode* is the story

of a comfortable manor house family. The four adults of the household are happily polygamous, each fulfilling their 'lifelode' or life's purpose: Ferrand is the lord of the manor, his sweetmate Taveth runs the household, his wife Chayra makes ceramics, and Taveth's husband Ranal works the farm. Their children are a joyful bunch, running around in the sunshine days of the harvest and wondering what their own lifelodes will be. Their lives changed with the arrival of two visitors to Applekirk: Jankin the scholar and Hanethe, Ferrand's great grandmother

and the former lord of the manor, who has been living for many generations in the East, a place where the gods walk and yeya (magic) is so powerful that those who wield it are not quite human. *Poor Relations* May 02 2021 An eye-opening and entertaining tale of social and financial precarity in the interplanetary future, brilliantly imagined and entirely pertinent to today. "Haunting character complexity that ultimately holds the reader captive to the tale." —N. K. Jemisin, *New York Times*, on *My Real Children* It's the twenty-fourth century. Humanity has spread throughout the

solar system—but for most of us, life is as precarious as it was in Dickensian England. And while individuals can change their sex at will, traditional gender roles are enforced with unyielding severity. Brothers Achille, Marcantonio, and Nore have been raised rich, but after their father spends the family fortune and puts a laser to his head, they're forced to face facts. The wealthy Luke Bailey is willing to pay top dollar for what's left of their estate, enough to buy Achille a commission in the space Navy. But only if Marcantonio and Nore will both become female—Marcantonio to marry Luke,

and Nore to be their spinster housekeeper, for as long as Luke lives. Over the next two decades, the now-female Marcantonio and Nore struggle to make lives for themselves in the service of their wealthy keeper. Then the alien invasion arrives. **Starlings** Apr 13 2022 “Starlings isn’t really a short-story collection. It’s something better: a written showreel, illustrating yet again that [Walton’s] imagination stretches to the stars (or the starlings), and that she’s endlessly inventive in finding new methods to express it.”—NPR Books An ancient coin cyber-spies on lovers and thieves.

The magic mirror sees all but can do nothing. A cloned savior solves a fanatically-inspired murder. Three Irish siblings thief treasures with bad poetry and the aid of the Queen of Cats. With these captivating initial glimpses into her storytelling psyche, Jo Walton shines through subtle myths and reinvented realities. Through eclectic stories, subtle vignettes, inspired poetry, and more, Walton soars with humans, machines, and magic—rising from the every day into the universe itself. *Tooth and Claw* Feb 23 2023 A family of dragons gathers on the occasion of the death of their father, the elder

Bon Agornin. As is custom, they must eat the body. But even as Bon's last remains are polished off, his sons and daughters must all jostle for a position in the new hierarchy. While the youngest son seeks greedy remuneration through the courts of law, the eldest son - a dragon of the cloth - agonises over his father's deathbed confession. While one daughter is caught between loyalty to her family by blood and her family by marriage, another daughter follows her heart - only to discover the great cost of true love... Here is a Victorian story of political intrigue, family ties and political intrigue,

set in a world of dragons - a world, quite literally, red in tooth and claw. Full of fiery wit, this is a novel unlike any other. *The Three Loves of Persimmon* Jan 18 2020 Persimmon lives a solitary life, pouring her passion into the florist shop she owns in the underground railway station. Her only companion is Rose, a talking cabbage. Intriguing young men come and go but Persimmon has yet to find the love of her life. Several levels beneath Persimmon's shop lives a mouse called Epiphany. Epiphany has a questing mind. She wants to know what lies beyond the dark tunnels of her home. As in all good

fables, Persimmon and Epiphany are destined to meet. And when they do, life will never be the same again. Find out more about the author at: cassandragolds.com.au **Farthing** Nov 20 2022 Eight years after they overthrew Churchill and led Britain into a separate peace with Hitler, the upper-crust families of the "Farthing set" are gathered for a weekend retreat. Among them is estranged Farthing scion Lucy Kahn, who can't understand why her and her husband David's presence was so forcefully requested. Then the country-house idyll is interrupted when the eminent Sir James Thirkie is

found murdered - with a yellow Star of David pinned to his chest. Lucy begins to realize that her Jewish husband is about to be framed for the crime - an outcome that would be convenient for altogether too many of the various political machinations underway in Parliament in the coming week. But whoever's behind the murder, and the frame-up, didn't reckon on the principal investigator from Scotland Yard being a man with very private reasons for sympathizing with outcasts and underdogs - and prone to look beyond the obvious as a result. As the trap slowly shuts on

Lucy and David, they begin to see a way out - a way fraught with peril in a darkening world. [Gurps Celtic Myth](#)

The Paladin Sep 06 2021 "Does it seem reasonable to you that a Regency continues—into an Emperor's thirtieth year " "No, m'lord," Shoka said. "Not to us, either. Not to many of us. We were ready to make that objection—when lord Gitu overran Yijang and Hua.... Assassinations, elsewhere. Hired killers. Bands of mercenaries traveling under imperial orders. The Emperor's seal,

and the Regent's orders. How do we stop such a thing How do we prevent it—when every lord able to lead is apprehended, assassinated, when they strip us of men, even boys out of the fields—go to Saukendar, some said. Go to Saukendar. They urged me to send to you. This time he has to listen, they said. But if I had sent—and Ghita had known—you understand—" Reidi gave an uncomfortable twitch of the shoulders. His horse shifted again. "I had no true hope that you'd come. You'd indicated to the villagers—that you had no wish to hear from anyone. That you would refuse any such

petitions—" "You were watching me." "It's my village, m'lord—as the Regent pointed out to me again and again, and threatened my life should you leave that mountain. Of course the word came to me. I tried to get a messenger down the road to you when I knew you'd left Mon.... We believed you'd come back to deal with Ghita and his partisans." Shoka felt cold, cold all the way to the bones. "There are men ready to follow you, lord Saukendar. There are men who've committed their lives to this— We didn't know the hour. We only believed. Now you've come back ..." "It's gripping

drama, tightly focussed and inexorable as Taizu herself. Read The Paladin and you'll never settle for another ordinary sword-wielding female." —Faren Miller LOCUS At the publisher's request, this title is sold without DRM (Digital Rights Management)

What Makes This Book So Great
Aug 17 2022 Jo Walton is an award-winning author of, inveterate reader of, and chronic re-reader of science fiction and fantasy books. What Makes This Book So Great? is a selection of the best of her musings about her prodigious reading

habit. Jo Walton's many subjects range from acknowledged classics, to guilty pleasures, to forgotten oddities and gems. Among them, the Zones of Thought novels of Vernor Vinge; the question of what genre readers mean by 'mainstream'; the under-appreciated SF adventures of C. J. Cherryh; the field's many approaches to time travel; the masterful science fiction of Samuel R. Delany; Salman Rushdie's Midnight's Children; the early Hainish novels of Ursula K. Le Guin; and a Robert A. Heinlein novel you have most certainly never read. Over 130 essays in all, What Makes This

Book So Great is an immensely engaging collection of provocative, opinionated thoughts about past and present-day fantasy and science fiction, from one of our best writers. The Philosopher Kings Feb 17 2020 From acclaimed, award-winning author Jo Walton: Philosopher Kings, a tale of gods and humans, and the surprising things they have to learn from one another. Twenty years have elapsed since the events of The Just City. The City, founded by the time-traveling goddess Pallas Athene, organized on the principles espoused in Plato's Republic and populated by people from all eras of

human history, has now split into five cities, and low-level armed conflict between them is not unheard-of. The god Apollo, living (by his own choice) a human life as "Pythias" in the City, his true identity known only to a few, is now married and the father of several children. But a tragic loss causes him to become consumed with the desire for revenge. Being Apollo, he goes handling it in a seemingly rational and systematic way, but it's evident, particularly to his precocious daughter Arete, that he is unhinged with grief. Along with Arete and several of his sons, plus a boatload of

other volunteers--including the now fantastically aged Marsilio Ficino, the great humanist of Renaissance Florence--Pythias/Apollo goes sailing into the mysterious Eastern Mediterranean of pre-antiquity to see what they can find—possibly the man who may have caused his great grief, possibly communities of the earliest people to call themselves "Greek." What Apollo, his daughter, and the rest of the expedition will discover...will change everything. Thought Against Tomorrow Aug 05 2021 Here is a small part of my soul I pulled out and shaped like this It is still bleeding, but only a little It won't mess your hands much, And you can wash them after. For years Hugo and Nebula award winning writer Jo Walton has been writing poems and posting them online, first on usenet, then on livejournal, more recently on Patreon. Some have been collected in chapbooks and in Starlings, but most of them have just stayed online. Here at last is a

comprehensive collection of her poems from 1996-2020 with table of contents and an index of first lines, and arranged in thematic categories, Love Pain and Death, New Myths For Old Gold, Red As Blood, By Their Spaceships Ye Shall Know Them, Shakespeare, The News, The Turning Year, and Whimsy. Some of the poems are fantastical, others are about everyday life, or politics. If there's one thing that links Walton's very different work it's the quality of "where did that come from?" Here we have a poem about lions becoming extinct after being persecuted by

martyrs, one about Henry V's conquest of Constantinople, alongside one about a skydiver friend who died and fell up into the sky.

These poems, written over decades, are quirky, unpredictable, and have excellent scansion.

Half A Crown Feb 11 2022 In 1941 the European war ended in the Farthing Peace, a rapprochement between Britain and Nazi Germany. The balls and banquets of Britain's upper class never faltered, while British ships ferried "undesirables" across the Channel to board the cattle cars headed east. Peter Carmichael is commander of the

Watch, Britain's distinctly British secret police. It's his job to warn the Prime Minister of treason, to arrest plotters, and to discover Jews. The midnight knock of a Watchman is the most dreaded sound in the realm. Now, in 1960, a global peace conference is convening in London, where Britain, Germany, and Japan will oversee the final partition of the world. Hitler is once again on British soil. So is the long exiled Duke of Windsor - and the rising gangs of "British Power" streetfighters, who consider the Government "soft," may be the former king's bid to stage a

coup d'état. Amidst all this, two of the most unlikely persons in the realm will join forces to oppose the fascists: a debutante whose greatest worry until now has been where to find the right string of pearls, and the Watch Commander himself.

Dancing Jack Oct 15 2019 After locating her long-lost nephew, Ash becomes embroiled in a violent rebellion, worries that her long-buried secrets will be uncovered, and sets out to reclaim the magical powers of her family. Original. *The Prize in the Game* Jun 15 2022 On the island of Tir Isarnagiri, Gods stalk the land, laying subtle but

inescapable dooms upon the feuding kingdoms there. The lives of four young friends - Conal, Emer, Darag, and Ferdia - have been intertwined since their births. Each is destined for kingship in his own land. But when they unwittingly incur the wrath of the Horse Goddess, they find that ties of friendship - and even love - may not be enough to prevent their countries from attacking each other in a war that will devastate the island - and alter their fates are forever. Praise for the Trilogy 'Walton writes with an authenticity that never loses heart, a rare combination . . . She can dig down

to a true vein of legend and hammer out gold.' Robin Hobb 'The people, the politics, the details of warfare and daily life, all ring as true as the steel sword the heroine wields so doughtily. This is much more than a retooling of the Matter of Britain: it is a fully imagined, living, magical world.' Delia Sherman 'Beautiful and thought-provoking. Walton tells a story set in a world and a history almost like ours, but different enough to be in itself a kind of elvenland.' Poul Anderson 'Head and shoulders and sword-arm above most fantasy. Like a lost memoir from the Dark Age of a subtly different

history, tough and unsentimental and all the more touching for that.' Ken MacLeod

Do You Dream of Terra-Two? Jan 10 2022 'A major new voice. Read Temi Oh today. Everybody will be reading her tomorrow' Stephen Baxter. author of World Engines 'A brilliant, beautiful debut. Reading it will change your heart' Christian Kiefer, author of Phantoms * The Long Way to a Small, Angry Planet meets The 100 in this unforgettable debut by a brilliant new voice. * A century ago, scientists theorised that a habitable planet existed in a nearby solar system. Today, ten astronauts will leave a dying Earth to find it. Four are decorated veterans

of the 20th century's space-race. And six are teenagers, graduates of the exclusive Dalton Academy, who've been in training for this mission for most of their lives. It will take the team twenty-three years to reach Terra-Two. Twenty-three years spent in close quarters. Twenty-three years with no one to rely on but each other. Twenty-three years with no rescue possible, should something go wrong. And something always goes wrong. * Don't miss one of Cosmopolitans books by people of colour to get excited about in 2019, called 'a tightly wound epic' that 'will change your heart' by

Christian Kiefer, author of *Phantoms*. * WHY READERS DREAM OF TERRA-TWO . . . 'An ambitious 500-page coming-of-age blockbuster . . . Oh is excellent at portraying the aching sense of loss on a one-way trip to the stars' *Guardian* 'A tightly wound, emotional epic that asks important questions about humanity, goodness, belief, technology, love, friendship, and duty. At what point is grabbing hold of one's destiny ultimately an attempt to escape some other? Like all great writers, *Terra-Two* refuses the easy answer, instead ruminating upon the question itself. This novel is a brilliant, beautiful

[A Conspiracy of Truths](#) Aug 25 2020 A wrongfully imprisoned storyteller spins stories from his jail cell that just might have the power to save him—and take down a corrupt government. Arrested on accusations of witchcraft and

treason, Chant finds himself trapped in a cold, filthy jail cell in a foreign land. With only his advocate, the unhelpful and uninterested Consanza, he quickly finds himself cast as a bargaining chip in a brewing battle between the five rulers of this small, backwards, and petty nation. Or, at least, that's how he would tell the story. In truth, Chant has little idea of what is happening outside the walls of his cell, but he must quickly start to unravel the puzzle of his imprisonment before they execute him for his alleged crimes. But Chant is no witch—he is a member of a rare and obscure order of wandering

storytellers. With no country to call his home, and no people to claim as his own, all Chant has is his wits and his apprentice, a lad more interested in wooing handsome shepherds than learning the ways of the world. And yet, he has one great power: his stories in the ears of the rulers determined to prosecute him for betraying a nation he knows next to nothing about. The tales he tells will topple the Queens of Nuryevet and just maybe, save his life. *A Country Road, a Tree* Jun 03 2021 BY THE SUNDAY TIMES BESTSELLING AUTHOR OF *LONGBOURN*

The Just City Dec
09 2021 "Here in
the Just City you
will become your
best selves. You will

learn and grow and strive to be excellent." Created as an experiment by the time-traveling goddess Pallas Athene, the Just City is a planned community, populated by over ten thousand children and a few hundred adult teachers from all eras of history, along with some handy robots from the far human future—all set down together on a Mediterranean island in the distant past. The student Simmea, born an Egyptian farmer's daughter sometime between 500 and 1000 A.D, is a brilliant child, eager for knowledge, ready to strive to be her best self. The teacher Maia was

once Ethel, a young Victorian lady of much learning and few prospects, who prayed to Pallas Athene in an unguarded moment during a trip to Rome—and, in an instant, found herself in the Just City with grey-eyed Athene standing unmistakably before her. Meanwhile, Apollo—stunned by the realization that there are things mortals understand better than he does—has arranged to live a human life, and has come to the City as one of the children. He knows his true identity, and conceals it from his peers. For this lifetime, he is prone to all the troubles of being human. Then, a few years in, Sokrates

arrives—the same Sokrates recorded by Plato himself—to ask all the troublesome questions you would expect. What happens next is a tale only the brilliant Jo Walton could tell. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
Britain by the Book

Wales?
