A storm is brewing and so is a budding romance. I've been told I'm a force to be reckoned with. That I blow onto the scene like a tornado. I've stopped caring if that's a compliment or a dig. Now I just wear it like a badge of honor. So when life threw me a curveball and I ended up going from a cushy job in New York City to the tiny Southern town of Grimm Cove, I thought I was ready for anything. Ha! Not quite. You see, Grimm Cove is teeming with supernaturals. And since I've known they exist for a hot minute, I'm still in a state of total shock. When I learn that I come from a long line of witches and demon slayers, the stakes (pun intended) get even higher and sharper. These monsters aren't make-believe. They're out for blood. I'm trying to decide if having the alpha of the local wolf-shifter pack nipping at my heels is an asset in this fight, or if he's one more person I need to watch my back around. I just wish he wasn't so sexy and didn't

smell so good. He'd be a lot easier to resist. I have enough going on in my life as it is. I really do not have time for all this fated mate crap everyone keeps telling me about. My head and heart are at war and now isn't the time for distractions, especially since it's painfully clear that something evil wants me dead. Lose yourself in *Growl*, the sinfully sexy paranormal shape-shifting romance anthology, headlined by New York Times bestselling author Eve Langlais! A brand new, never before published novella! In *Legal Wolf's Mate*, taking on a pro bono murder case isn't a problem for a lawyer who enjoys a challenge. Discovering his new client is his mate? A tad more complicated. Gavin has no intention of settling down, especially not with a woman accused of murder, but once he sets eyes on Megan, his fate is sealed. Previously published in the 2-in-1 e-original (title) and in print for the first time! In *The Alpha's Woman*, Kira Radney is all delicious curves and strong will and has no desire to be a subservient mate. When a member of her father's pack attempts to make her his mate by force, Kira has no choice but to flee. The last thing she wants is to submit to any male and their pack. But when her escape attempt leads her straight into the arms of an alpha wolf—a sexy, dangerous, protective alpha—Kira must fight against her need to be free, and her secret desire to be controlled... In *Feral Passions*, what better place for an adventurous woman to explore her wild side than a luxurious resort in northern California's beautiful Trinity Alps? Especially when that resort is run by sexy werewolves looking for mates—*Feral Passions Resort*, where fantasies come true. A significant number of Americans spend their weekends at UFO conventions hearing whispers of government cover-ups, at New Age gatherings learning the keys to enlightenment, or ambling around historical downtowns learning about resident ghosts in tourist-targeted “ghost walks”. They have been fed a steady diet of fictional shows with paranormal themes such as *The X-Files*, *Supernatural*, and *Medium*, shows that may seek to simply entertain, but also serve to disseminate paranormal beliefs. The public hunger for the paranormal seems insatiable. *Paranormal America* provides the definitive portrait of Americans who believe in or have experienced such phenomena as ghosts, Bigfoot, UFOs, psychic phenomena, astrology, and the power of mediums. However, unlike many books on the paranormal, this volume does not focus on proving or disproving the paranormal, but rather on understanding the people who believe and how those beliefs shape their lives. Drawing on the Baylor Religion Survey—a multi-year national random sample of American religious values, practices, and behaviors—as well as extensive fieldwork including joining hunts for Bigfoot and spending the

night in a haunted house, authors Christopher Bader, F. Carson Mencken, and Joseph Baker shed light on what the various types of paranormal experiences, beliefs, and activities claimed by Americans are; whether holding an unconventional belief, such as believing in Bigfoot, means that one is unconventional in other attitudes and behaviors; who has such experiences and beliefs and how they differ from other Americans; and if we can expect major religions to emerge from the paranormal. Brimming with engaging personal stories and provocative findings, *Paranormal America* is an entertaining yet authoritative look at a growing segment of American religious culture. *Paranormal Dating Agency Book 2* -

Which he definitely has not! All right, maybe he has. Jesse is cute for a man--and a wolf shifter--but Andrei is still mourning his wife, and he can never offer his heart to the omega. Jesse used to fear the alpha--dragons are scary in general--but this alpha catches his attention in ways he can't fully understand. It's more than just hero worship. He loves the dragon enough that even Andrei's cruel terms can make him happy. When Jesse is attacked by vampires looking to take their slaves back, Andrei will have to work quickly to save the life of the man he didn't know he loved until he was almost too late. \*\* A Siren Erotic Romance
