Practical Sanskrit Dictionary Jul 14 2022 About the Book: This Dictionary has been undertaken to supply a want long felt by the student, f a complete and at the same time cheap Sanskrit-English Dictionary. Very little need, I think, be said with regard to the necessity of bringing out a work li

Blade and Bone Mar 30 2021 In a world of sorcery and sand, a slave rebellion is out of control and an army of undead is approaching. Does Horace have the power and strength to save what he fought so hard to win? In a setting reminiscent of ancient Egypt and Babylon, where God-Kings and God-Queens hold the power of life and death in their hands, Horace, the onetime slave who became a powerful magician, has turned the tables on his former masters. Blade and Bone, the third book in The Book of the Black Earth, follows Horace, Alyra, and Jiron as they navigate the hurdles of managing the slave rebellion under the Akeshian Empire's nose. But evil is not content to sit back and let them gather their strength. A new threat is coming in the form of an unstoppable army of the walking dead. To face this enemy, our heroes will have to dig deeper and find a strength they didn't know they possessed.

A Chinese and English Dictionary Sep 16 2022

By Schism Rent Asunder Oct 25 2020 The sequel to the New York Times best seller Off Armageddon Reef The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin-a being that, the world must not find out too soon, is more than human. A being on whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers. Schism has come to the world of Safehold. Nothing will ever be the same... in David Weber's By Schism Rent Asunder. Safehold Series 1. Off Armageddon Reef 2. By Schism Rent Asunder 3. A Comprehensive Manchu-English Dictionary Dec 15 2019 Jerry Norman's Comprehensive Manchu-English Dictionary, a substantial revision and enlargement of his Concise Manchu-English Lexicon of 1978, now long out of print, is poised to become the standard English-language resource on the Manchu language. As the dynastic language of the Qing dynasty (1644-1911), Manchu was used in official documents and was also the vehicle for an enormous translation literature, mostly from the Chinese. The new Dictionary, based exclusively on Qing sources, retains all of the information from the earlier Lexicon, but also includes hundreds of additional entries cited from original Manchu texts, enhanced cross-references, and an entirely new introduction on Manchu pronunciation and script. All content from the earlier publication has also been verified. This final book from the preeminent Manchu linguist in the English-speaking world is a reference work that not only updates Norman's earlier scholarship but also summarizes his decades of study of the Manchu language. The Dictionary, which represents a significant scholarly contribution to the field of Inner Asian studies and to all students and scholars of Manchu and other Tungusic and related languages around the world, will become a major tool for archival research on Chinese late imperial period history and government.

Understanding The Book Of Revelation Book One Second Edition Feb 09 2022 An in-depth journey through the book of Revelation that disregards all superstition and traditional thinking. Learn about "the beast" system, the "antichrist" and his mark, and the scriptural significance of the number 666.

The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf' Apr 30 2021 The image of a giant sword melting stands at the structural and thematic heart of the Old English heroic poem Beowulf. This meticulously researched book investigates the nature and significance of this golden-hilted weapon and its likely relatives within Beowulf and beyond, drawing on the fields of Old English and Old Norse language and literature, liturgy, archaeology, astronomy, folklore and comparative mythology. In Part I, Pettit explores the complex of connotations surrounding this image (from icicles to candles and crosses) by examining a range of medieval sources, and argues that the giant sword may function as a visual motif in which pre-Christian Germanic concepts and prominent Christian symbols coalesce. In Part II, Pettit investigates the broader Germanic background to this image, especially in relation to the god Ing/Yngvi-Freyr, and explores the capacity of myths to recur and endure across time. Drawing on an eclectic range of narrative and linguistic evidence from Northern European texts, and on archaeological discoveries, Pettit suggests that the image of the giant sword, and the characters and events associated with it, may reflect an elemental struggle between the sun and the moon, articulated through an underlying myth about the theft and repossession of sunlight. The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf' is a welcome contribution to the overlapping fields of Beowulf-scholarship, Old Norse-Icelandic literature and Germanic philology. Not only does it present a wealth of new readings that shed light on the craft of the Beowulf-poet and inform our understanding of the poem's major episodes and themes; it further highlights the merits of adopting an interdisciplinary approach alongside a comparative vantage point. As such, The Waning Sword will be compelling reading for Beowulf-scholars and for a wider audience of medievalists.

Topsy-turvy 1585 Nov 18 2022 In 1585, Luis Frois, a 53 year old Jesuit who spent all of his adult life in Japan listed 611(!) ways Europeans and Japanese were contrary (completely opposite) to one another. Robin D. Gill, a 53 year old writer who spent most of his adulthood in Japan, translates these topsy-turvy claims - we sniff the top of our melons to see if they are ripe / they sniff the bottom of theirs (10% of the book), examines their validity (20% of the book), and plays with them (70% of the book). Readers with the intellectual horsepower to enjoy ideas will be grateful for pages discussing things like the significance of black and white clothing or large eyes vs. small ones, while others with a ken to collect quirky facts will be delighted to find, say, that the women in Kyoto were known to urinate standing up, or Japanese horses had their stale gathered by long-handled ladles, etc., and serious students of history and comparative culture will gain a better understanding of the nature of radical difference (exotic, by definition) and its relationship with the farsighted policy of accommodation pioneered by Valignano in the Far East.
