John Knox, the great Reformer of Scotland, is often remembered as something akin to a biblical prophet born out of time--strong and brash, thundering in righteous might. In

truth, he was "low in stature, and of a weakly constitution," a small man who was often sickly and afflicted with doubts and fears. Author Douglas Bond shows that Knox did indeed accomplish herculean tasks, but not because he was strong and resolute in himself. Rather, he was greatly used because he was submissive to God; therefore, God strengthened him.

M.F. Sadler was an Anglican priest. He served as rector of Honiton, England, and wrote several other commentaries, including volumes on each of the four Gospels.

SADLER, MICHAEL FERREBEE (1819-1895), theologian, eldest son of Michael Thomas Sadler [q. v.], was born at Leeds in 1819. Educated at Sherborne school, he entered St. John's College, Cambridge, after a short interval of business life. He was elected Tyrwhitt's Hebrew scholar in 1846, and graduated B.A. 1847. He was vicar of Bridgwater from 1857 to 1864 (during which time he was appointed to the prebend of Combe, 13th in Wells Cathedral), and of St. Paul's, Bedford, from 1864 to 1869; he was rector of Honiton from 1869 till his death. In 1869 he received an offer of the bishopric of Montreal, carrying with it the dignity of metropolitan of Canada, but refused it on medical advice. He was a voluminous writer on theological subjects, and a strong high churchman. His works, which had a large circulation, did much to popularise the tractarian doctrines.

Elizabeth Stirredges spiritual autobiography is a treasury of spiritual wisdom which paints all that which is needed to be a faithful servant of the Lord Jesus Christ and how God in His might works, transforms, and supports an ordinary soul to lead the life of extraordinary faithfulness. The text highlights Stirredges intimate conviction as well as that of early Quakers. This translation is a welcomed venture because this is a central piece, deserving of much more attention than that which has been accorded to it until now. The Weakness of the Law aims to demonstrate

that the five New Testament references to the weakness of the Law, read in their respective contexts, support those who advocate the third use of the Law in the debate with doctrinal antinomianism. The study falls into two parts: Part One sets the scene by means of a series of illustrations of the debate, in approximate chronological order, in which representatives of each of the two broad positions are set side by side. In Part Two the four books in which the five key texts appear are studied in their entirety as they relate to the subject of the Law. Neither a commentary on the book of Revelation nor a devotional work -- though it offers aspects of both -- Joy in Our Weakness is instead a theological and practical guide that ushers readers into the very presence of Christ and His Lordship over the powers of evil. Marva Dawn writes compassionately for those who suffer, for this book was born out of her own struggles with physical limitations and chronic illness, and it is intended to help the whole Church learn how to find Joy in every circumstance of life, especially in trials and sufferings. After outlining some important foundational principles in three introductory chapters, Dawn guides readers through the whole book of Revelation, pointing out the errors of those who try to calendarize the end of the world and instead delineating how The Revelation reveals Christ's Lordship, exposes the workings of the powers, and sustains those who suffer until evil is ultimately defeated. Now thoroughly revised for a wider readership, Joy in Our Weakness highlights The Revelation's original purpose -- to comfort afflicted, suffering believers -- and spells out a biblically grounded "theology of weakness," offering a rare gift to the Church today. A wealth of insight and encouragement truly awaits the reader of these pages. Book jacket. On April 2, 2005, the world kept vigil at the bedside of John Paul II and together mourned his passing. A man of suffering--the child who lost his parents; the youth who

endured war, Nazi persecution, and the subsequent communist regime; the youthful Pope who was shot in an attempt on his life; the elderly Pope whose Parkinson's prompted numerous trips to Gemelli hospital--Wojtyla was always constantly attentive to the sick and suffering, who knew they would find a place of listening and understanding in his heart. Acquainted with sorrow throughout his life, John Paul II demonstrated the value of redemptive suffering to a world keeping vigil during his final hours. Now, his private secretary and personal physician, and others nearest him during his last days, share their own memories of that precious time: a story of courage, gratitude and love. Stanislaw Dziwisz is today the archbishop of Krakow, after having dedicated the past 27 years to John Paul II as his secretary. Czeslaw Drazek, SJ, is the publisher of the Polish edition of L'Osservatore Romano. Renato Buzzonetti was John Paul II's personal physician. Angelo Comastri is the President of the Fabbrica di San Pietro and was the Vicar General of Vatican City under John Paul II. He has published numerous books in spirituality. An urgent and informed look at the challenges Britain and world governments will face in a post-Covid-19 world. The Covid crisis has not just highlighted the failures of certain governments, it is accelerating a shift in the balance of power from West to East. After a decade where politics in the US and the UK has been consumed with inward-facing struggles, countries like South Korea, Singapore, Taiwan, as well as China, have made extraordinary advances economically, technologically and politically. In this beautifully crafted essay, Micklethwait and Wooldridge explain how we ended up in this mess and explore the possible routes out. If Western governments respond creatively to the crisis, they will have a chance of reversing decades of decline; if they dither and delay while Asia continues to improve, the prospect of a new Eastern-

dominated world order will increase. The big question facing the world is whether the West can rise to the challenge as it has before. In a world of hype, we may buy into the idea that through Jesus, we'll be healthier and wealthier as well as wiser. So what happens when we become ill, or depressed, or bankrupt? Did we do something wrong? Has God abandoned us? As a child, Michael Horton would run up the down escalator, trying to beat it to the top. As Christians, he notes, we sometimes seek God the same way, believing we can climb to him under our own steam. But we can't, which is why we are blessed that Jesus descends to us, especially during times of trial. In *Too Good to Be True*, Horton exposes the pop culture that sells Jesus like a product for health and happiness and reminds us that our lives often lead us on difficult routes we must follow by faith. This book offers a series of powerful readings that demonstrate how, through every type of earthly difficulty, our Father keeps his promises from Scripture and works all things together for our good. Is your Christian life a struggle? Does your behavior conflict with your beliefs? Do you feel hypocritical? *His Power for Your Weakness* walks individuals and small groups through 260 devotional steps to become more like Jesus. You will get a clearer understanding of the New Testament and how the Christian faith applies to your daily life. Ideally, you will share your thoughts and personal applications with others in a small group. Such sharing deepens your relationships with God and other believers. Pastor John W. Selcher writes simply and practically how to follow Jesus. Your love for God, yourself, and others will increase as you apply God's principles for living. As you grow in grace, you will experience the matchless fulfillment of God's power flowing through your weakness to bless a needy world. It explores a pattern whereby God works powerfully in missions through disability and not in spite of it. No matter what our disability or vulnerability may be, God can use us; and if the body of Christ is supportive, people with disability can be effective agents of transformation in the mission field. Via a number of case studies of people with disabilities who are involved in missions, and with robust biblical and missiological justification, this book examines the role of those with disability in missions. During Paul's ministry, Corinth was a newly rebuilt, bustling, important city in the Roman Empire. It was a place full of pride, individualism, wealth, and religious pluralism. No wonder its inhabitants held little regard for Paul's message! Sound familiar? Our contemporary culture has much in common with ancient Corinth. The relevance of this book to churches today is astounding. Paul delivers powerful theology that turns the values of the ancient Roman world upside-down—the grace of God, the centrality of the cross, and God's power made perfect in weakness. He challenges us to live counterculturally. In this commentary on 2 Corinthians, Pastor R. Kent Hughes carefully examines this letter from the apostle Paul to the church in Corinth, continuing to provide rich biblical insight for the body of Christ. Part of the Preaching the Word series.
