John Quincy and Louisa Adams's unexpected journey that changed everything. *American Phoenix* is the sweeping, riveting tale of a grand historic adventure across forbidding oceans and frozen tundra—from the bustling ports and

towering birches of Boston to the remote reaches of pre-Soviet Russia, from an exile in arctic St. Petersburg to resurrection and reunion among the gardens of Paris. Upon these varied landscapes this Adams and his Eve must find a way to transform their banishment into America's salvation. Author, historian, and national media commentator Jane Hampton Cook breathes life into once-obscure history, weaving a meticulously researched biographical tapestry that reads like a gripping novel. With the arc and intrigue of Shakespearean drama in a Jane Austen era,

American Phoenix is a timely yet timeless addition to the recent renaissance of works on the founding Adams family, from patriarchs John and Abigail to the second-generation of John Quincy and Louisa and beyond. Cook has crafted not only a riveting narrative but also an easy-to-understand history filled with fly-on-the-wall vignettes from 1812 and its hardscrabble, freedom-hungry people. While unveiling vivid portrayals of each character—a colorful assortment of heroes and villains, patriots and pirates, rogues and rabble-rousers—she paints equally fresh,

intimate portraits of both John Quincy and Louisa Adams. Cook artfully reveals John Quincy's devastation after losing the job of his dreams, battle for America's need to thrive economically, and sojourn to secure his homeland's survival as a sovereign nation. She reserves her most detailed brushstrokes for the inner struggles of Louisa, using this quietly inspirational woman's own words to amplify her fears, faith, and fortitude along a deeply personal, often heart-rending journey. Cook's close-up perspective shows how this American couple's Russian destination changed

US destiny. A conversation with a wealthy neighbour gives environmentalist Maria a chance to undertake her dream project: building a world class, eco-friendly wellness facility in the heart of the Niagara Escarpment; one that is uncompromising in its commitment to an environmental and wholistic sound practice. But the chance comes with a catch. Not only does Maria have five years to complete her project and turn a profit, but she also has to demonstrate that her environmentalist principals are viable in the corporate world, or else she has to sell.

Soon it becomes clear that her development is important to many more people than just herself. She and her land in particular become a focal point for mystics, spiritualists and healers each with an agenda of their own. As Maria progresses in her understanding of the deeper aspects of the metaphysical and paranormal, some friends become enemies, and some lovers, while others drift off into the ether, or return from the dead. Through them all, Maria learns of an ancient spiritual struggle that encapsulates Earth, one that she's much more a part of than she ever would have

imagined.... In late eighteenth-century Vienna, a remarkable coterie of five aristocratic women, popularly known as the "five princesses," achieved social preeminence and acclaim as close associates of the reforming Habsburg Emperor Joseph II. They were Princess Maria Josepha Clary; Princess Maria Sidonia Kinsky; Princess Maria Leopoldine Liechtenstein; Countess, subsequently Princess, Maria Leopoldine Kaunitz; and Princess Maria Eleonore Liechtenstein. During the Viennese social season, members of the group made their way several

times each week to the inner city palace of one of the "Dames," as members of the group called themselves.

Through analysis of the correspondence of these women and of the published and unpublished commentaries of their contemporaries, this study scrutinizes the activities of this select group of women during the co-regency period (1765-1780) when Joseph shared responsibility with his mother, Maria Theresa, and during Joseph's decade as sole ruler (1780-1790) after Maria Theresa's death—years during which the women enjoyed their special position. For

years the Empress of Namorn has pressed her young cousin, Lady Sandrilene fa Toren, to visit her vast lands within the Empire's borders, and at long last she agrees in what turns out to be quite the interesting visitation. A hands-on workbook for using tarot to discover and express your authentic self—the foundation of true self-care. Self-care is the practice of taking an active role in protecting one's own well-being and happiness. In order to do so we must get in touch with who we are at our core. Only then can we realize how we need to "show up in the world"—how we

want to express, without any apologies, our most authentic selves. Lessons from the Empress focuses on what the tarot can teach us about ourselves and provides exercises to strengthen our confidence in our own creative expression. When we recognize our creative ability (whatever it may be), we are recognizing our ability to express our true selves. Using the Empress (a symbol of creation and abundance) as a metaphor for the journey, Lessons from the Empress takes readers on a journey through the tarot using easy-to-follow magical rituals, tarot spreads, and

creativity exercises in a way that will empower the reader to embrace their true self and express that self to the world. The journey through the tarot will take the reader through phases of self-care: Major Arcana—spiritual self-care; the Wands—self-awareness; the Swords—self-expression; the Cups—self-love; the Pentacles—self-confidence. Straus Sandry, Daja, Briar, and Tris, are older now and back together again, in an exciting and much-awaited, stand-alone novel by everyone's favorite mage, Tamora Pierce. For years the Empress of Namorn has pressed her young cousin, Lady Sandrilene fa

Toren, to visit her vast lands within the Empire's borders. Sandry has avoided the invitation for as long as it was possible. Now Sandry has agreed to pay that overdue visit. Sandry's uncle promises guards to accompany her. But they're hardly a group of warriors! They're her old friends from Winding Circle: Daja, Tris, and Briar. Sandry hardly knows them now. They've grown up and grown apart. Sandry isn't sure they'll ever find their old connection again - or if she even wants them to.
