Six months later, Eve meets Antony and discovers that he was there the night Rosie died and did nothing to help. Is there any way she can ever get past that? Inspired by the tragic murder of Sophie Lancaster, which saw Sophie and her partner Rob viciously attacked in Stubbylee Park, Bacup, Lancashire because of the way they dressed, this is a hard-hitting real-life thriller about friendship, courage, loss, forgiveness and about our society and communities.

Breaking Into Song: Why You Shouldn't Hate Musicals Nov 20 2022 People rarely say they hate books, or television, or films. But they often say they hate musicals. Moreover everyone seems to have a fixed idea of exactly what a musical is; what it sounds like, looks like, or is about. Why is the collision and integration of music, song and storytelling so polarising and why have we allowed a form so full of possibility to become so repetitive and restrictive? Through a series of essays *Breaking Into Song* asks what audiences can do to stay open minded and what creatives can do to make new musicals better. Examining both sides of the divide, Adam Lenson asks how those who both love and hate musicals can further expand the possibilities of this widely misunderstood medium.

I Love Rock 'n' Roll (Except When I Hate It) Jan 10 2022 Music breeds duality. We enjoy the music we love-listening to it, talking about it, reading about it. But it's just as fun to passionately revel in mocking the music we hate. Fortunately, musicians make this two-lane path very easy to follow. Half the time they're creating timeless works of art that speak to the soul; the other half, they're recording ridiculous concept albums about robots. *I Love Rock 'n' Roll (Except When I Hate It)* covers both sides: It celebrates the music world's flashes of genius, the creation of masterpieces, and the little-known stories...as well as the entertainingly bad ideas. Armed with a healthy dose of Brian Boone's humorous asides and lively commentary, you'll learn extremely important stuff like: ? How bands got their stupid names ? All alternative rock bands directly descend from Pixies ? The most metal facts of metal in the history of metal ? The secret lives of one-hit wonders ? The story behind "Layla," and other assorted love songs about George Harrison's wife ? What is quite possibly the worst song in rock history Boone also reveals terribly useful information like chart trivia, the rules of music, lists, and many more origins, meanings, and stories about everyone's most loved and loathed musicians.

Summary of Joan Rivers's I Hate Everyone...Starting with Me Jul 16 2022 Please note: This is a companion version & not the original book. Sample Book Insights: #1 I am angry and fed up with the morons and losers who are cluttering up the planet. I believe the great Russian Italian Greek Polish philosopher Descartes said it best when he said, I whine, therefore I am. #2 I hate it when people say, Let's invite Jane to the party. She's going through a difficult time. I say, Fuck Jane. I'm paying top dollar for a caterer. Let Jane slash her wrists in her house. I am a great hater, and I hate myself the most. #3 I was a fat kid. In spite of dieting, gagging, and purging, I was a chubby girl. I was the only girl on the sumo team, and I thought that meant I was ahead of my time. I was given advice like Take candy from strangers and Ask the guy in the raincoat if he owns a van.

A fictional story is backed up by suggestions for activities and ideas to talk about, while a wordless storyboard encourages children to tell another story.

I Hate Everyone Jul 24 2020 In spare, poignant, direct prose, I Hate Everyone paints a nuanced and honest portrait of the complex emotional lives of children. "I hate everyone." Set at a birthday party, this disgruntled, first-person story portrays the confusing feelings that sometimes make it impossible to be nice, even-or especially-when everyone else is in a partying mode. A gorgeous, poetic contemplation, sure to elicit a reaction from readers. A worthy successor to Alexander and the Terrible, Horrible, No Good, Very Bad Day.

The Grammar of Hate Nov 15 2019 Hate speech continues to be an issue of key social significance, yet while its lexical and discursive aspects have been widely studied, its grammatical traits have been hitherto overlooked. This book seeks to address this gap by bringing together a global team of scholars to explore the morphosyntactic features of hateful and aggressive discourse. Drawing on thirteen diverse cross-linguistic case studies, it reveals how hate is expressed in political discourse, slang, and social media, and towards a range of target groups relating to gender, sexual orientation, and ethnic identity. Based on ideas from functional and cognitive linguistics, each thematic part demonstrates how features such as morphology, word formation, pronoun use, and syntactic structures are manipulated for the purpose of expressing hostility and hate. An innovative approach to an age-old problem, this book is essential reading for researchers and students of hate speech and verbal aggression.
