Twenty-four frames a second, 100 heartbeats a minute, a dozen emotional highs an hour and shockwaves that last a lifetime: that's cinema. Films entertain us like nothing else can, but they also have the power to change our lives. A film can frighten or

Owners of the new D40 and the D40x can get terrific results with this Magic Lantern DVD Guide®—the fastest, easiest way to master the fundamentals and advanced features of Nikon's just-released digital SLR cameras. Carefully researched and scripted, and shot by the most experienced pros in the business, this full color, high definition video is designed to help anyone from novices to experienced shooters. In addition to the detailed explanations of camera menus, switches, and buttons, they'll find easy-to-understand, step-by-step instructions, real-world shooting examples, and techniques that are simple to put into practice. "Stage technicians or 'techie' don't read books, they seek information on the basis of the need to know." This is a practical guide to stage lighting covering equipment, lighting a performance space, special effects and lighting design. It can be read cover-to-cover, but also used as reference manual which provides easy access to the content through the use of tabulated sections and keywords. The information in each chapter is presented at three levels: - A quick start - basic information providing enough to get started - More info - more detailed knowledge - Extras! - extended technical

information and data The three strands run visually throughout the guide enabling students to mix and match their own personal level of study or to fast track through to the information they need on stage. This handy, accessible guide is packed with illustrations, pictures, diagrams, plans and technical data. In addition a DVD is included using unique video clips to illustrate the text, show the practical use of equipment, and examples of different lighting techniques and effects. The differentiated format makes it equally suitable as a quick start for school students or at an extended level for aspiring theatre technicians, teachers, amateur dramatic enthusiasts or anyone needing a quick on-the-job reference. Classic favorites, current pop films, hidden gems--they're all part of this new edition of the popular guide to watching and enjoying movies. Newly expanded and updated to include independent films, documentaries, and special effects, *Get the Picture?* clearly explains techniques used to tell stories throughout cinematic history, then discusses how modern filmmakers are adapting those traditions today. In his witty and engaging text, author Jim Piper explains key concepts of film and uses fascinating side-by-side comparisons to explore relationships between movies as disparate as *The Great Train Robbery* and *The Texas Chainsaw Massacre*, *High Noon* and *Blood Diamond*, *Raise the Red Lantern* and *The Pursuit of Happyness*--and all movies discussed are easily available on DVD for

further study. Entertaining, readable, and full of insight, *Get the Picture?* will inspire readers to watch movies with a new sense of discovery and excitement. Written by a well-respected photographer whose work has been featured in *National Geographic*, this Magic Lantern covers Nikon's top two professional models. It includes a complete guide to using the camera's high-speed crop, sophisticated white balance modes, color Matrix II meter, in-camera trim function, and more. The Magic Lantern Guides® Multimedia Workshop includes everything photographers need to get great results with Canon's advanced entry-level DSLR. It's like having a personal DSLR class right at home! The package includes:

- o A camera-specific 80-minute DVD that covers every feature and function of the EOS Rebel T2i/EOS 550D, and allows users to navigate easily between topics and review information at their own pace
- o Taking Great Digital Photos: A 64-page full-color guide packed with picture-taking tips; it explains everything from digital file formats and white balance to f/stops, shutter speeds, and focal lengths.

This is an extensive and diverse collection of 1000 magnificent rings from world-renowned artisans and jewelers. Art and fashion students will enjoy a huge variety of state-of-

the-art jewellery designs. - As an easy-to-understand visual guide to Canon's two new popular—and popularly priced—10.1-megapixel consumer D-SLR cameras, this DVD should be huge in the marketplace. Unlike their American colleagues, British suppliers were extremely slow to release their country's superb libraries of classic films for movie fans to purchase on either VHS tapes or DVD discs. In 2004, little over 100 titles were available. But now there are around 700, with promises of many more to come. This book details some of the best. Over 400 movies in all are described in either minute detail or in summary form! The quality (or lack of quality) in the DVD transfer is fearlessly indicated. The author's emphasis is on movies made before 1970, especially those with popular stars such as Glynis Johns, Gracie Fields, George Formby, Margaret Lockwood, Arthur Askey, Anna Neagle, James Mason, Patricia Roc, Stewart Granger, Vivien Leigh, Laurence Olivier, Will Hay, Tommy Trinder, Alec Guinness, Michael Wilding, Peter Finch, Christopher Lee, Peter Sellers, David Niven, Kenneth More, Kay Kendall, John Gregson, etc. This title includes a camera specific 80-minute DVD, created by photographers for photographers, as well as a book packed with picture-taking tips and useful for those who want to get the most from their camera. Magic Lantern Guides Multimedia Workshops The world's best photographic package! Magic Lantern Guides and DVDs have always provided the very best, most in-

depth coverage of a camera's ins-and-outs. Now, there's even more "magic" on the market for photographers: the MAGIC LANTERN MULTIMEDIA WORKSHOP. It's a complete class in digital photography with a D-SLR camera--one that enables you to learn the essentials at your own pace, in the comfort in your own home. The attractive package includes:

- Specific 80-minute DVD: An authoritative DVD guide made just for your model. Created by photographers for photographers, it covers specific camera features and functions. The format allows you to navigate easily between different topics and review chapters any time.
- Taking Great Digital Photos: This full-color, 64-page book gets newcomers to the digital world started right. Packed with picture-taking tips and information on digital file formats, it explains how f/stops and shutter speeds work together to create an exposure, which focal lengths are best for various subjects, and how to get accurate color with white balance.
- Great Photos with Your Digital SLR 60-minute DVD: This live-action tutorial demystifies digital shooting, and shows how to compose photos; choose the best picture-quality settings; improve results with the built-in flash; and interpret your histogram. Plus, see when to trust your camera's automatic settings...or change them yourself.
- Quick Reference Wallet Card: This laminated take-along is an ideal in-the-field key to camera and menu operations. There's nothing else like this on the market! Magic Lantern

We pride ourselves on our accurate, honest and informed travel guides. An entirely new and delightful perspective on the history of cinema, this illustrated volume uses timelines to trace its

development from the earliest moving images to now. A Chronology of Film presents a fresh perspective on the medium by tracing the complex links between technical innovations, social changes, and artistic interventions in the order that they occurred. Organized around a central timeline that charts the development of film from the earliest moving images to present-day blockbusters, this volume features key films, film commentaries, and contextual information about the period in which they were produced. By revealing the social, political, and cultural environments in which these films were created, this book reveals new insights into great directors like Alfred Hitchcock, Federico Fellini, Francis Ford Coppola, Martin Scorsese, Jane Campion, Barry Jenkins, Pedro Almodóvar, and Bong Joon-ho and films such as Bonnie and Clyde, The Godfather, Moonlight, and Parasite. The book features lavish film stills, commentaries, and lively "In Focus" features with information about the social, stylistic, technical, political, and cultural events of each period. This guide is designed to help physiotherapy students prepare for their placements. Physiotherapy placements can be daunting – you'll be working in a variety of settings and supporting individuals with a range of conditions. There are new colleagues to work with, and newly learnt theory to put into practice. This pocket guide is designed to make your placements much more enjoyable and less

stressful. From absence policy to SOAP notes, via moving and handling, it's full of practical detail, hints and tips. Written by a team of experienced physiotherapy lecturers and with critical input from their students – this guidance is really produced with you in mind. Pocket-sized format – carry it with you at all times. Space to make your own notes – be it uniform policy, new terminology, or just the names of your new colleagues! Reduce your stress and make the most of your placements by having this book to hand from the start. Pocket Guides is a series of handy, pocket-sized books designed to help students make the most of their practice learning experiences. Mysterious and utterly mesmerizing, this graphic-novel-within-a-novel pairs the extraordinary prose of David Almond with the visual genius of Dave McKean. Blue Baker is writing a story – not all that stuff about wizards and fairies and happily ever after – a real story, about blood and guts and adventures, because that's what life's really like. At least it is for Blue, since his dad died and Hopper, the town bully, started knocking him and the other kids around. But Blue's story has a life of its own – weird and wild and magic and dark – and when the savage pays a nighttime visit to Hopper, Blue starts to wonder where he ends and his creation begins. Clinical placements are an essential part of nurse training, but are extremely daunting, especially for new nursing students. This unique pocket guide provides a

wealth of practical detail, tips and advice to help the student nurse get to grips with, and make the most of, their placement. The pocket-sized format means the book is extremely portable (it really will fit in a pocket!) and the ring binding allows it to be opened flat (useful when adding notes, for example). The information is presented in digestible chunks (lists, tables, bullets, even cartoons) so the reader can find the essential information really quickly without wading through pages of text - there is even space to add notes specific to the particular placement. Written by recent nursing graduates based on their own experiences, reviewed by students and checked by a clinical supervisor - this guidance has been produced specifically with student nurses in mind. What lecturers are saying about Clinical Placements: "A practical book that provides students with a range of essential information, tips and advice about what to expect on clinical placement which should help them to make the most out of their placement. Information is easy to access making it easy for students to quickly navigate information. The small spiral bound format makes it accessible and ideal for students to keep in their uniform pocket." "This book is just what is needed, relevant information that will help students make the most out of their placement and reduce the anxiety!" "I have had a look through the Pocket Guide Clinical Placements book and think that it an excellent little book that will support students in

preparing for their first placement and future placements until they gain confidence. There is just the right mix of appropriate illustrations and text and I particularly like the areas for notes that can be added if needed." "I found this an excellent little resource for students as well as a reminder for staff." In simple rhyming text a young Muslim girl and her family guide the reader through the traditions and colors of Islam. Full color. Accompanied by 2 DVDs under titles: Great photos with your digital SLR, and: Nikon D90. This unique book provides beautiful photos, and essential photography how-to information and cool techniques for getting great digital pictures with one of the hottest new digital SLRs on the market--the Canon 30D. Sony has something for beginning photographers, or those just going digital: an excellent entry-level D-SLR with a 10.2MP sensor, High ISO sensitivity range to 3200, and High ISO Noise Reduction technology. The 40-segment honeycomb, with its spot and center-weighted metering systems, offers outstanding exposure accuracy. And the Super SteadyShot® image stabilization systems increase a novice's ability to achieve quality photos. Newcomers eager to master all the basics, and make the most of their new equipment, will find both the Magic Lantern Guides and the DVD Guide essential components of their photography kit.
